Auditorium Issue Is Magnet

Thousands of Lincolinites, wiping perspiration from their faces, went to the polls Tuesday to cast ballots in one of the "hottest" city elections in recent years.

—Legislature—

State Officer Pay Measure Pushed Ahead

Appropriation Bill Is Read For First Time

The legislature Tuesday read and advanced on general file LB 433 appropriating \$1,016,388 for salaries for the judicial, executive officers, railway commission, tax commissioner and board of control. Recess was taken until 2 p. m. when reading of the general appropriation bill started.

Plans call for Chairman John Callan to discuss the appropriation bill on Wednesday.

The fact that five members of the legislature hold leases on school land again came up for discussion. Sen. Earl Lee, quoting from past court decisions, expressed the view that the decision of Attorney General Anderson could be questioned, although he did not do so.

"It is a rather fine line of distinction whether school land leases were made between the state and the members of the legislature," Sen. Lee said. He quoted opinions that the lands are held by the board of school lands and funds as trustees for the support of common schools.

Leases Said Contracts.

The attorney general, in his opinion, quoted the constitution, "nor shall any person interested in a contract with x-x-x the state hold a seat in the legislature." He said that land leases have been held as contracts by the courts.

The question developed as a result of a bill providing for sale of school lands, which has been amended in an effort to correct abuses in leasing.

Members of the legislature listed as holding school leases are Sens. Carmody, Hoyt, Nelson, Hanna and Burnham.

The legislature voted to return (Continued on Page Two)

Parking Issue For Experts Not Voters

Ferguson Says In Press Statement

Robert L. Ferguson, in filing his injunction suit in District court against the return of diagonal parking, issued a prepared statement to the papers setting forth reasons for his action.

"Thousands for taxpayers and motorists believe that a return to angle parking would be a step backward," he said. "It will cost a lot of money . . . better spent to fill some of the holes in the streets."

"Lincoln is now a city . . . and with the corresponding increase in traffic density, streets must be kept open to carry it. The old days when you could leave your car on 'O' street wherever you wanted and for as long as your wanted are gone forever."

Ferguson expressed the opinion that angle parking would double the accident rate in the city, increasing insurance rates. He said the matter is for traffic experts to decide, not voters.

THE WEATHER

LINCOLN—Partly cloudy with low tonight near 65 and showers or thunderstorms beginning tonight or Wednesday; cooler Wednesday, high near 75.

NEBRASKA—Showers or thunderstorms tonight and east and south-central Wednesday; cooler west and north tonight and east and south Wednesday, low tonight 40-45, west to 55 northeast and 65 southeast, high Wednesday, 70-75 southeast.

KANSAS—Partly cloudy with showers and thunderstorms Wednesday and north and west tonight, warmer south and east tonight, cooler west and north-central Wednesday, low tonight 60-65 except 65-68 southwest, high Wednesday around 70 northwest to 80 southeast.

BACK ON JOB—U. S. Ambassador to Britain, Lewis W. Douglas, manages to smile as he pauses before the embassy in London Tuesday on his return to his diplomatic duties. The envoy is wearing a surgical dressing over his left eye, injured a month ago when it was snagged by a trout fly on a fishing expedition. (AP Wirephoto Tuesday via radio from London.)

Delay Move To Strike Names From Tax Roll

County commissioners Tuesday moved to strike from the county tax lists the names of all persons who have died and left no property with which to pay delinquent taxes.

Also included were those who have moved from the county and no longer can be located, making it impossible to collect such taxes after the expiration of two years.

Chris Kuhner, who introduced the resolution, said the move was made to eliminate the need for attempting to get in touch with such people year after year. Some of the delinquent taxes date back to 1900.

The resolution was tabled for one week so that County Treasurer C. E. Berg could be present at the next meeting. The resolution will authorize Berg to submit to County Clerk J. B. Morgan a list of the names to be stricken.

Morgan could give no estimate of the amount of taxes involved, but said it would run to "several hundred dollars."

Safe Driving Award To Lincoln Star For Second Year

The Lincoln Star has been awarded the certificate of merit of the American Newspaper Publishers association for the no-accident record of its circulation truck fleet, according to announcement received by Philip F. Johnson, circulation manager.

The Star and 52 other newspapers in the U. S. and Canada received the award for completing 1948 without a single accident involving vehicles operated under their ownership or control. About 222 managements, publishing 404 newspapers, are participating in the highway accident prevention program of the ANPA.

C. Bernard Warren operates, The Star's trucking service. The award is the second consecutive one received by The Star.

Court Order Stops Return To Diagonal Parking

Hearing Set For May 10; Ordinance Is Termed Illegal

The "parallel vs. diagonal" parking fight was carried to District court Tuesday.

The city of Lincoln was halted in its changeover from parallel to diagonal parking by a temporary restraining order signed by District Judge Harry R. Ankeny early Tuesday morning.

The action came shortly after suit was filed in District court by Robert L. Ferguson, asking that the city be permanently enjoined from changing parking spaces from parallel to diagonal.

Work Under Way.

Judge Ankeny set Tuesday, May 10 as a hearing date on the matter, requesting the defendants to show cause why a temporary injunction should not be issued. A final decision in the case will not be forthcoming until some time later.

The city will thus be prevented from re-installing diagonal parking until the matter is settled in District court.

—Labor Legislation—

Demos' Bills Revised

Compromise Would Permit Use Of 80-Day Strike Injunctions

FIRST TEST WON

WASHINGTON—(AP)—The house agreed today to vote by 2 o'clock (CST) on the new democratic labor bill.

Because of parliamentary and other maneuvers, however, the time stretched well beyond that mark.

Passes First Test.

WASHINGTON—(AP)—The new democratic labor bill passed its first test today when the house refused to knock out a provision for 80-day injunctions against "national emergency" strikes.

Rep. Perkins (D-Ky) sought to strike out this provision which is opposed by labor unions.

The vote, taken without a roll call, was 238 to 132.

Speaker Rayburn (D-Tex) took the floor to urge that the house accept the new bill.

"Let's be just," he implored. "Let's be fair. Let us not move in an atmosphere of passion."

The spectators' galleries were packed. Rayburn was greeted by applause from the democratic side as he walked to the well of the chamber to speak. Members of his party stood to applaud when he finished.

Much Resentment.

But it was evident that the compromise had stirred considerable resentment among many labor union men and some of their supporters in fair house.

While Rayburn was speaking, AFL President William Green announced down town that he had wired Rayburn objecting to the administration's agreeing to national emergency strike injunctions.

"Such a provision would be objectionable and unacceptable to the membership of the American Federation of Labor," Green's telegram said.

On the house floor, the compromise (Continued on Page Two)

Passenger Load Of 75 Flies Ocean

MOBILE, Ala.—(AP)—The largest passenger load ever to fly the Atlantic was on its way to England today in a giant Globe-master.

Seventy-five air force men and a crew of 12 were aboard the C-74, which had been in use feeding supplies to the Berlin airport. They took off last night from the Brooklyn air force base here.

The passengers are replacement air force men on their way to overseas stations. Personnel being rotated back to the United States will make up a similar load on the return trip.

Twenty-five hours flying time will be consumed on the trip. Stops were scheduled in Bermuda and the Azores.

Houser Named Head Spanish War Veterans

HASTINGS, Neb.—(AP)—John D. Houser of Hastings was elected commander of the Nebraska United Spanish War Veterans to succeed Walter L. Horton at the close of the three day encampment here Tuesday.

Houser, James Kudrna, Lincoln, senior vice commander, and Thomas E. Smith of Omaha, junior vice commander, were installed by National Commander in Chief Charles Barefoot of Toledo, Ohio.

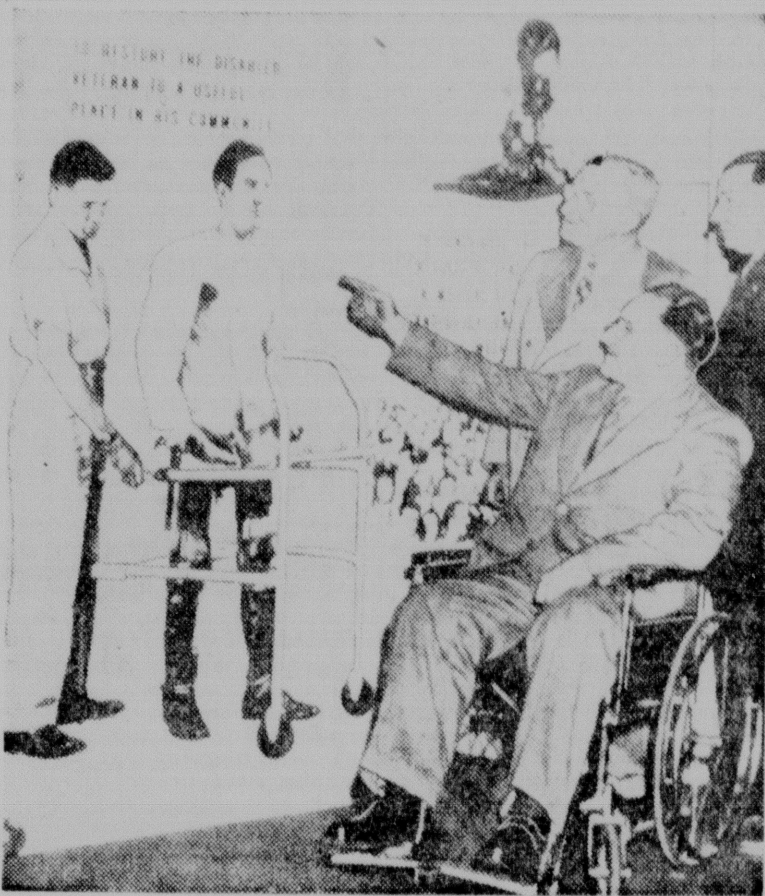

Mrs. Nettie Hinkle of Omaha was elected president of the auxiliary succeeding Mrs. Fannie Shaffer of Lincoln. Other auxiliary officers elected were Mrs. Mae Kudrna of Lincoln, president; Mrs. Ethayne Palmer of Kearney, junior vice president; Mrs. Blanche Benjamin of Omaha, treasurer.

The encampment adopted resolutions Tuesday favoring military training and making it a requirement for male students in land grant colleges and other colleges receiving federal aid; extended thanks to the Nebraska legislature for its generosity in approving appropriations for Spanish war vets; deplored the tendency now prevailing in this country toward internationalism and called attention to the threat of communism and the benefits of democracy.

Today's Chuckle

"How did you make your neighbor keep his hens in his own yard?"

"One night I hid a dozen eggs under a bush in my garden and the next day I let him see me gather them. I wasn't bothered after that."

—5 Allied Groups Open Conventions—

Taps Sounded For State's "Grand Army Of Republic"

... No Members Alive For Last Encampment

By KEN WAYMAN.

The last encampment of the Grand Army of the Republic of Nebraska opened in Lincoln today.

But noticeably absent among the ranks of the five allied orders of the organization were the aged "comrades" that fought in northern blue during the great war between the states. The last, Michael Bondoli, died at the age of 99 years on Dec. 24, 1948, in Beatrice.

Since then, the state secretary, Mrs. Perla Smith, has been closing the Armys books. The state department will officially go out of existence on July 1, this year, Mrs. Smith said.

At that time, the records will be turned over to the state military department and historical society. State appropriations to the G. A. R. office were stopped this year. Mrs. Smith stated funds remaining after closure will be turned over to the state.

End Is Near.

The end of the national G. A. R. may come this year too. According to Mrs. Katherine Rose, of Fairbury, department president of the Nebraska Auxiliary to the G. A. R., the books of the national organization will be closed in August at Indianapolis, where the movement had its beginning.

The five orders making up the memorial encampment to the state G. A. R. are: Woman's Relief Corps; Daughters of Union Veterans; Ladies of the G. A. R.; Sons of Union Veterans of the Civil War; and Auxiliary of Sons of Union Veterans. About 50 members are expected to be in Lincoln for the gathering, which adjourns Thursday.

Must Decide Fate.

The dissolution of the G. A. R. has brought a problem to the five orders. They must now decide whether they will continue to meet simultaneously, in individual groups, but in the same locality, or whether they will split, and meet at different times during the year at different places.

At a former national encampment of the G. A. R., the old soldiers requested that when the army ceased to exist, the allied forces continue to meet concurrently and together, as they are today.

At least two of the forces seem to favor continuing, as requested. They are the Woman's Relief Corps and the Ladies of the Grand Army, meeting at the Lincoln hotel. Mrs. Rose stated, "We hope to follow the G. A. R. request," in explaining her group's stand.

Decision Wednesday.

At the Cornhusker hotel, where the Daughters of Union Veterans of the Civil War was meeting, President Eva Greer from North Platte was not certain what stand the group would take toward the G. A. R. request. She expected a decision during Wednesday's session. The Sons of the Union Veterans of the Civil War and their auxiliary do not open their meetings until Wednesday.

Leaders Here.

The five groups will meet Tuesday night at St. Paul Methodist church to hold the final camp fire service in memory of the departed state department members of the army. At past encampments, the camp fire was the gathering spot for the soldiers and the forces.

The three orders held pre-convention activities and meetings Tuesday. Tuesday evening, the (Continued on Page Two)

Assembly Speedup Charged By Union

... Walkout Signal Disrupts Bargaining Drive

DETROIT—(AP)—CIO United Auto Workers Local 600 today ordered a strike Wednesday at Ford Motor Co.'s huge Rouge plant, without awaiting approval of the international.

The action threw a bombshell into plans for the opening of the UAW spring bargaining drive.

It came on the heels of an announcement by a UAW investigating committee that the Rouge plant dispute was near settlement.

Oral Agreement.

Thomas Thompson, president of Local 600, said in a telegram to UAW President Walter P. Reuther that the local's executive board had voted unanimously in favor of the walkout.

Thompson charged that "the Ford Motor Co. violated its oral agreement to maintain the line speed during negotiations and speeded up the building assembly line."

The company and union have been dickering for several weeks over union charges of a speedup.

Biggest UAW Local.

Local 600 has 60,000 members. It is the UAW's largest local.

A spokesman for the international said Reuther had not yet received the telegram. It apparently took top officers by surprise. They had been making strong efforts to block any walkout, with an eye toward its effect on overall spring bargaining strategy.

Yesterday, UAW Secretary-Treasurer Emil Mazey said the international's investigating committee had found that Ford had slowed down the lines.

This, Mazey said, removed the chief basis for the local's grievance. He said only "a few adjustments" remained to be settled.

Would Affect Others.

A tie up at the Rouge plant, which supplies most parts for Ford's other 46 plants, would hit all of the company's operations. As many as 115,000 Ford workers across the country might be affected.

A Ford spokesman said the company had no immediate comment.

Ford is the first target in the UAW's spring bargaining campaign.

The union is seeking worker pensions, health benefits, paid vacations and a wage increase to match the buying power of wages to the level of June 1947.

This program, drawn up by the union's international executive board, was rubber-stamped last week by the UAW's national Ford council. The 115-man council represents 115,000 Ford workers in 49 plants.

Earlier, date for the beginnings of bargaining, according to contract provisions, is May 15, which comes on Sunday. The contract expires July 15.

There was no immediate comment from the company beyond acknowledgement that the latter was received.

Temps Soar To 89; Year's Highest Mark

"Early summer" arrived in Lincoln today as the mercury soared to 89 degrees early this afternoon, the highest reading thus far this season. The previous high was 86 on April 25.

But the weatherman forecast showers or thunderstorms for this area tonight with cooler temperatures, not to exceed 75 degrees, Wednesday.

Showers are predicted for most of the state, accompanied by lower temperatures.

The extended five day forecast said after this wetting down the state probably will be visited with rain again Saturday or Sunday.

The extended forecast called for precipitation averaging a quarter of an inch in western Nebraska and up to a half inch in eastern Nebraska.

Temperatures for the period were expected to average from five to 10 degrees above normal which is 70.

Monday's high reading for the state was 88 at Hayes Center; the low was 45 at Scottsbluff.

Lincoln Sowers Guests At Holdrege C. Of C. Luncheon

HOLDREGE, Neb.—Completing the first lap of a three-day goodwill tour in south central and southwestern Nebraska, the Lincoln Sowers stopped here Tuesday noon and were guests at a Holdrege chamber of commerce luncheon.

The Sowers, goodwill organization of the Lincoln chamber, left the capital city earlier today on their first trip of the 1949 season which will also take them into Colorado and Kansas.

Entertained at the Dale hotel, the Sowers were officially welcomed to Holdrege by Mayor Paul Burgeson and Frank Slemmons, president of the Holdrege chamber. Al Lew, chairman of the Sowers, responded. Charles Dugdale, Lincoln, presented an impersonation skit and Gene Gloye, Nebraska Wesleyan student, entertained with several magic tricks.

Prior to the luncheon, Mayor Burgeson conducted a sight-seeing tour of Holdrege for the Lincolniters.

Before arriving here, the Sowers made stops at Heartwell, Minden, Axtell and Funk.

At Heartwell, Mayor James Hoban extended greetings to the Sowers as school children as well as older residents of the town turned out to welcome the visitors.

Crowd At Minden.

The loudspeaking system on the courthouse at Minden carried the greetings of Al Lew and Wm. H. Meier, president of the Minden chamber, to the good turnout crowd there.

Ralph Bloom, mayor at Axtell, and Herbert Fankel, Axtell chamber president, welcomed the Sowers to their community.

Observing wheat conditions while traveling west from Lincoln, the Sowers found fields "spotty" between Lincoln and Hastings, but from Hastings on west the crop "looks very good."

After leaving Holdrege, the two busloads of Lincolniters will make stops at Loomis, Bertrand, Elwood, Eustis, Farnam, Morefield, Curtis and McCook. The group will be guests tonight at a dinner at McCook.

Wednesday's trip includes stops (Continued on Page Two)

Let-Down From Peaks 'Inevitable'

"Overdue Relief" To American Consumers Predicted By Shreve

WASHINGTON — (AP) — The president of the United States chamber of commerce said today that a "recession from postwar peaks" of business is inevitable. He added that it will bring "overdue relief to millions of consumers."

Earl O. Shreve, in the keynote address at the chamber's 37th annual meeting, also told some 2,500 business leaders:

"When the current readjustment has run its course, and buying for inventory replacement revives, business should find itself on a sounder and infinitely more satisfactory basis."

Lower Prices Urged.

The shift to a "more solid and orderly pattern of prosperity" will be blocked or delayed, Shreve said, if the government raises taxes and lays down economic controls—as proposed by President Truman—or embarks on a policy of in-the-red financing.

"It is self-evident to all thinking men," he declared, "that the federal budget should be balanced through the economy in spending—not through higher taxes."

Two other speakers at the first general session of the four-day meeting offered plans to bulwark prosperity, at home and abroad:

Businessmen should give "prompt attention to the task of pricing consumers back into the market" by lowering prices and bringing out new products, said Harry A. Bullis, board chairman of General Mills, Inc., Minneapolis.

A price decline is "natural and inevitable," Bullis said—"We are laying the groundwork for a long and sustained rise in the living standard of America."

And a Canadian, President Henry G. Birks of the Canadian chamber of commerce, Montreal, proposed an "ABC" committee of American, British and Canadian businessmen to labor for the freeing of world trade from currency and other trade barriers.

Such a committee could do much, Birks predicted, to promote the economic cooperation which he said is essential to the success of the North Atlantic alliance.

Shreve and Birks agreed that, in the words of Shreve, "The chances of enduring peace have improved through signing of the Atlantic pact."

The records set by American industries since the removal of wartime restraints, said Shreve, are "eloquent arguments for freedom of enterprise and for freedom of markets."

Chapter 8

The trailer camp loomed ahead. A grassy spot, marked by half a dozen trailers parked humbly close, shaded by tall, feathery-looking Australian pines, with the blue shimmer of the lake visible through the trees.

Felicity blew her horn.

There was a weatherbeaten small cabin at the far end of the camp. As Felicity's horn broke the noonday stillness, a screen door slapped somewhere and a plump, middle-aged woman with graying hair done in a loose knot on the back of her head, her clean print dress covered by a white apron, came towards her. Felicity liked "Ma" Green at sight. Her gray eyes were twinkling and cheerful; her plump face was highly colored, guileless alike of make-up or wrinkles.

"Howdy," she greeted Felicity cheerfully. "Like to stay awhile?"

"Yes, we would—very much," said Felicity warmly, relishing the woman's friendly welcome. They had had on the other side of the lake. "But—I have some children. Do you mind?"

"Do I mind? Not if you don't. After all, they're your young ones," said Ma Green comfortably, looking more sharply at Felicity. "But land sakes, girl, you look mighty young to have a bunch of kids."

"They're my brothers and sisters," Felicity answered her. "And we'd like to stay all winter."

"Well, now, that's just fine. If you're going to be sort of permanent, you'd better have a 'hitch' down near me, where you won't be disturbed by the coming and going of the transients."

Ma Green showed Felicity to a parking space down at the farthest end of the camp, where the trailer stood broadside to a glorious view of the lake.

Neither Felicity nor Garrett was aware of Tippy's slowness in leaving Garrett's trailer, nor of her uneasiness that sent her back now and then to peer in at the window.

They were all about the table. Tippy the last one in and insisting on a seat nearest the door, and they were just beginning the meal when suddenly the music of the next-door radio broke off and they heard a man's excited voice, saying:

"We interrupt this program to bring you a news-flash. Allen, the year-old son of Susan Fleming, often mentioned as 'the richest girl in the world,' has been kidnapped from the beach in front of the Fleming home. Every bridge and boat-dock leaving the island of Palm Beach is under heavy guard—"

There was a small crash. Felicity turned and saw Tippy sitting white-faced, a splash of milk on her face, the broken glass in her plate. Tippy's eyes were wide with terror and she was shaking violently. "I betcha I've got Mrs. Fleming's baby," she confessed, now in such terror that she had no longer any thought of concealing the reason for her earlier uneasiness.

"Tippy—tell me—what did you do?" demanded Felicity.

Tippy slid down from her chair and pattered out of the trailer, Garrett and Felicity following her. The other children crowding behind Tippy opened the door of Garrett's trailer and climbed in, the others following her. And there on Garrett's bed, hemmed neatly in by pillows, lay a sleeping baby. His scrap of a white sun-suit revealed plump golden-brown limbs and an adorable head covered with little "duck-tails" of soft dark curls.

Tippy looked at the baby and then fearfully up at a horrified Felicity; and Tippy whimpered. "I'm sorry, Fliss. Only he was so cute—and—he wanted to come with us. I didn't know he was somebody else's baby. I thought maybe he'd like to live with us—"

"O, Garry—Garry, what am I going to do?" whispered Felicity so desolately that Garrett pulled himself together with an effort.

"Your English needs correcting, my angel," he told her grimly. "You mean what are we going to do."

Garrett said sternly, "Here—snap out of it, Fliss. Pull yourself together. We have to work fast. Before the alarm spreads very far, Jay, take the children back to the trailer and give them their lunch and ride herd on them until we come back. Promise not to let one of them out of your sight for so much as five minutes. Will you, old man?"

"Okay, Garry. Come on kids," said Jason, herding the children before him.

Tippy, trying to slide out unnoticed, caught Garrett's stern eye and paused uneasily. "You're coming, too, my lady," said Garrett. "So you can tell Mrs. Fleming all about why you thought her baby would like living with the Hornes."

"Yes, sir," said Tippy faintly, too scared to do anything but obey, and far too terrified to think of exerting any of her small charm on this irate young man in the hope of escaping punishment.

The guards at the bridges were stopping and searching all cars coming from the island. The alarm was so newly sounded that they had not yet organized themselves to stop any cars going to the island. (To be continued)

Association Meeting

The nursing home operators will hold their regular monthly meeting at 2 p. m. May 4 at the Y.W. C.A. Mrs. Mildred Johnson will be soloist.

Wesleyan Ivy Day Ceremonies Will Be Friday

Traditional Ivy-Day—May Day exercises will be held at Nebraska Wesleyan university next Friday. Presentation of the Student Prince and May Queen and tapping of members into two honorary societies will highlight the day's activities.

Kugler Senior Orator.

Ivy day activities in the forenoon will be featured by planting of the traditional sprig of ivy. Earlier, Senior Orator Ew Kugler, Creston, will deliver his senior oration and Senior President LeRoy Yantney, Lincoln will present the senior cap and gown to Bob Bushnell, junior president from Wilcox.

Identity of the May Queen and Student Prince will be kept a closely guarded secret until the May Day procession winds its way to the throne, Friday afternoon. Class attendants for the queen and prince, all of whom are elected by student vote, will also be revealed at this time.

To Tap New Members.

Members of Cardinal Key and Blue Key, women's and men's honoraries, will be tapped in traditional fashion at the height of the afternoon program. Winner of the annual May Day poem contest and reading of the winning poem will also be revealed at this time. The poem contest is sponsored by the Wesleyan Women's Athletic association who offer a \$25 prize to the student writing the best poem on some general

theme of spring, Ivy Day, or college life.

Three fraternities and four sororities will compete in the inter-fraternity-sorority sing to climax the afternoon's activities. Twelve Wesleyan girls will present the annual May Pole dance as another feature of the program.

Phi Kappa Tau fraternity and Alpha Gamma Delta sorority were judged winners of the sponsoring organizations. —Blue Key and Cardinal Key—have announced that the afternoon ceremonies will be held in the gymnasium this year. Bad weather has defeated attempts to hold the affair out of doors for the past several years.

300,000 Gallons Gasoline Burned In 2-Hour Blaze

ALEXANDRIA, Va. — (AP) — About 300,000 gallons of high octane gasoline were destroyed last night at Eebee field by a two-hour fire believed set off by lightning.

The gasoline was in isolated storage tanks on a cleared hilltop, part of the army engineer corps reservation near Fort Belvoir. There were no injuries.

2 Break-Ins

Two break-ins were reported to police over the week-end.

J. I. Williams, 431 North Sixteenth reported that prowlers had torn the upper part of a screen door, unlocked it, entered the back porch, and broken the window out of the back door. Nothing was reported taken.

Police also reported that someone broke the padlock off the door of the J. F. Garvey garage at 321 South Ninth Saturday night. Investigation showed nothing taken.

Angle Parking Set For North Ninth Street

The council Monday reached a decision on part of the wholesale district parking problem.

The east side of Ninth street from P north was designated 35 degree angle parking with parking on the railroad tracks prohibited from 6 a. m. to 10:30 a. m. Mayor Clarence Miles reported the railroad has agreed to do its switching between those hours.

The no parking signs will carry a notice that cars parked on the tracks during those hours will be towed away. Vote on this was unanimous.

But with a motion by Miles, the council deferred for two weeks action on other streets in the wholesale district. The vote was six to one, Pansing voting no.

The council last week returned all streets to 35 degree angle parking in the business district.

FEDERAL COURT FILINGS

Tighe E. Woods, housing expediter, vs. Julius Schmidt and Mrs. Julius Schmidt, defendants' motion for more definite statement.

Chitro States vs. Henry Crumley Lane, order for transfer of jurisdiction to the Northern district of Florida.

Nebraska's Normals

Again Tuesday the Nebraska unicameral decisively went on record to authorize the four state teachers colleges to grant a liberal arts degree.

The Lincoln Star has felt that such a step embraced a sad mistake in the Nebraska program of higher education. It was the first of Nebraska newspapers to direct attention to this challenging innovation in the state's teachers colleges. At all times it has felt keenly on this matter, and has spoken bluntly, believing as it did that Nebraska cannot maintain five liberal arts colleges of desirable quality on a limited tax purse.

Again in a crucial test Tuesday a majority of the legislature expressed itself, and those who believe in democratic processes subscribe fully to majority rule. We bow to it whatever may be the final vote on this controversial measure.

In a controversy that has engendered some bitterness, perhaps some impulsive, ill-tempered comment, one thing is crystal clear. All education suffers in any cat and dog fight. The higher institutions of learning in this state could not other than lose if the feeling precipitated by this proposal is to be carried on endlessly.

We say this to both the legislature and to the people of the state. If the normals are to be expanded from the purposes for which they were originally established, then it becomes Nebraska's responsibility upon the decision of its legislative representatives, to provide the best training in liberal arts, not only in this state university, but also in its teachers colleges as well. At the same time we think of the magnificent church colleges. There is a bigger issue than matters of local concern involved here, and if the legislature feels that its decision is a wise one, then naturally we trust adequate financial provision will be made to carry it out in the spirit as well as in the letter.

Rights Of Minorities

Again Yugoslavia's Marshall Tito has hurled his defiance at Russia, which, in practical terms, means that communist efforts to undermine him have come to naught. Under fire for a year, Tito appears not only to have withstood Moscow's attacks but have added to his strength. The Russian strategy in Yugoslavia has been clear. It was to exploit the fierce racial antipathies of long standing in a nation comprised of racial minorities. Modern Yugoslavia incorporated age-old enemies under

one rule—the Serb, the Croat, the Slovene, the Macedonian, and others. Tito appears to have torn a page from the book of the late Woodrow Wilson in his handling of Yugoslavian affairs—that is recognition of the rights of minorities. Instead of undertaking to establish an identical pattern he has been farsighted enough to recognize traditional divergences, and even more he has respected their diverse deeply religious feelings. His chief problem is an economic one. A head of cabbage in Yugoslavia costs eight dollars, sugar is four dollars a pound, many items of food strictly rationed are unobtainable. The strange thing is that he is able to ride it out.

After Seventeen Years

The outstanding development of Engineering Week at the University of Nebraska, was, in our judgment, the selection of Melvin R. Poeschl of Norfolk as the top engineering student in the institution. This 34-year-old World War II veteran revealed a persistence in obtaining a college degree in engineering second only to a fine scholastic achievement. It has taken him 17 years to reach his goal.

Back of that struggle is an inspiring tale to warm the heart of every young man who may feel that circumstances of birth or family fortune have stacked the cards against him. It is a real Horatio Alger educational epic. The young man chose a hard year to start after a college degree. He first registered in the University of Nebraska in the fall of 1932, a year of bleakness and gloomy economic foreboding. He finished the freshman requirements, but in the spring of 1933, with America falling apart at the seams, he returned to his father's farm near Norfolk to aid in taking care of it.

Two years later at the peak of the drouth, he tried his hand at salesmanship in the rural area. In 1938, older and with a world of experience back of him, he re-entered the University of Nebraska. It must have been a struggle to pick up the threads of study after the lapse of six years, because at the conclusion of the second term, young Poeschl concluded he was not cut out for the classroom. Eight years elapsed, four of which were spent in the armed services where he rose from the rank of apprentice seaman to chief gunners mate, with a crew of 100 men under him, a remarkable achievement and a heavy responsibility in itself before he re-entered the University of Nebraska in September of 1946 under the provisions of the GI Bill of Rights. And now three years later he will have graduated in mechanical engineering in June, the recipient of the O. J. Fee award, the highest honor of the engineering college, and numerous other recognitions for scholarship and proficiency.

We mention all this merely because it happens so rarely. Few, indeed, are the men or the women with hearts set upon completing an educational job once started, interrupted, and dragging itself out over a stretch of 17 years. We know of one other case, an old associate in the newspaper business, in college, out of college to earn a little money, gone again, and back again, fighting every foot of the way. He was a wonderful friend, a great man, a Phi Beta Kappa scholar if ever there was one, a great journalist, who a little over two years ago died in the deserts of the southwest after a brilliant and successful career. He died possibly because of the sacrifices of young manhood to get an education. He, and how Melvin Poeschl are two poor boys who never put the word "can't" in their vocabulary. If what they did is of any encouragement to other young men, then the facts shine forth as a fitting climax to Engineering Week.

Where It Registers

In a national budget calling for billions, a few million dollars, one way or the other, may not count. Nevertheless it is worthy of note that Russia's lifting of the Berlin blockade, when and if Russia does take that step, will relieve the American taxpayers of an expense estimated at half a million dollars a day. That ain't hay out this way.

state slightly more than 10 years ago, to blind us to reality, and to condemn us to hopelessness.

We make bold to say this. The figures represented by the budget submitted Monday actually are less in the matter of individual sacrifice than a pioneer Nebraska generation, engaged in building a state, and developing its foundations, were called upon to make. On the basis of every man, woman and child that which we are called upon to contribute to the government of Nebraska is less than the sacrifices required of a pioneer Nebraska generation.

We said before and we repeat that the time has come for soul searching. We've talked about the absence of debt, the simplicity of Nebraska's tax structure, and while we have been talking we have neglected year after year to do the very plain, simple things that have enriched other states, neglect of things which have cost us populations, neglect which actually has intensified the load we are now called upon to bear. We can lose ourselves in the maze of a budget today, thinking only in terms of a day, a week, or a year—losing sight of the fact that in this year of 1949 Nebraska has two less seats in the house of representatives in congress than 25 years ago—than while this state has been falling back, other states have been pushing ahead. We hope the 1949 Nebraska unicameral makes adequate provision for an accelerated highway program. It seems headed in that direction at this time. We hope this legislature makes adequate provision for the institutions under the board of control. We hope that it provides for its educational institutions. Progress has a price. It involves individual sacrifice. We have ignored not only the clear needs of the institutions of the state; we have ducked giving thought to Nebraska's tax structure so as to better distribute our inescapable burdens.

No gong has struck, no bell has rung, but surely the people of Nebraska recognize that we have entered a new era in which either we will go forward or fall back. In relation to our neighbors, to all the states of the union, we do not stand still. Either we keep pace or we lag more and more. This has been the problem with which Governor Peterson and the legislative budget committee have been dealing. We think they have been unduly harsh towards the University of Nebraska; we think that building program for the institutions under the board of control is a matter of first concern. We say this understanding fully the problems that have confronted the budget committee, and sympathizing with the responsibility that falls to it. But the time has come for Nebraska to move ahead.

OFF THE RECORD

By ED REED

5-3 "The Stingy" and "The Stingy" by ED REED

THE DAILY WASHINGTON MERRY-GO-ROUND

By DREW PEARSON

WASHINGTON—The American housewife doesn't know it, but more and more of the food she buys for her family contains the same basic "ersatz" ingredients which I. G. Farben, the notorious Nazi cartel, developed for German troops and civilians in the last war. The German people lived on "ersatz" during most of the war.

The extent of this Farbenizing of American food, unbeknown to the consumer, has been partially investigated by the food and drug administration, which has been holding hearings on the use of synthetic substitutes for milk and shortening in bread. However, the whole story hasn't been told the public, chiefly because

One government agency that is carefully watching on this nutritional question is the department of agriculture. The department foresees not only higher support prices for surplus dairy products, costing the taxpayers millions, but a serious economic threat to dairy farming if baking chemicals come into wide vogue.

In a confidential report prepared for Agriculture Secretary Charles Brannan, Ralph Trig, chief of the production and marketing division, points out:

"It is our opinion that the department should object to the use of chemical softeners as acceptable ingredients in baking formulas, because of the effect on the health of the nation, since evidence indicates that the substitution of chemical softeners for fats, eggs and milk considerably reduces the food value of the product."

If the facts warrant and if the food and drug administration, because of statutory limitations, is unable to prevent or limit the use of synthetics as substitutes for natural foods in bakery products, we would further suggest that the department request new legislation on this matter.

When the president is pleased, his face lights up and two dimples pop into his cheeks. Thus his face gave him away the other day over prospects of returning to old haunts in New Mexico.

He was invited to slip down to Santa Fe this fall for the 100th anniversary of New Mexico's pioneer paper, the Santa Fe New Mexican. Making the plea was General Manager George N. Reynolds, who called at the White House with New Mexico's two senators, Dennis Chavez and Clinton Anderson.

Truman wouldn't make any flat promises to attend, but he recalled with a chuckle his early experiences in the state. He has visited New Mexico in 1909 and again in 1924, he related. Both times he had stopped to rummage through an old curio shop and chat with the owner, the late J. S. Candelario. One prize item Candelario showed off was a trunk which he said had belonged to Lew Wallace, early New Mexican governor and author of "Ben Hur."

Truman recalled how Candelario had told him with a broad wink: "If I sell that one, it will be the ninth one I have sold."

Chuckling so that his dimples showed, the president also recalled another of Candelario's cracks. It skulked which he claimed was that of Napoleon. Once a doubting woman customer had asked whether the skull wasn't too small to have been Napoleon's.

"Well, that was his skull when he was a boy," the president quoted the old curio keeper's reply.

Truman explained he had returned to Santa Fe in 1924 to help erect a monument to pioneer mothers.

JUST FOLKS

By EDGAR A. GUEST

VIRUS X
Long years ago, as I recall, When I was but a youngster small, When a cold look hold of me, The mother gave me flaxseed tea. The simple cure all women know— But this she trusted as the best: A mustard plaster on the chest.

To her a cold was "just a cold." But now "Virus X," I'm told, The corpulents, both red and white, Must counted by the day and night, And there are special pills to take If legs and arms and muscles ache. That done, the nurse must find a spot To give a penicillin shot.

Though not recorded on the charts, That's just another game of darts. The patient as the target lies, And there are special pills to take To cure a cold, the doctors say, This is the very latest way, Achieving in a day or two What mustard plasters used to do. (Copyright, 1949, Edgar A. Guest)

Copper Price Cut
NEW YORK (AP)—Phelps Dodge Corp. announced today a reduction in the price of copper to 20 cents a pound from 23½ cents. This was the first price reduction by a copper producer. Phelps Dodge is one of the leading primary producers of copper.

THE PEOPLE SPEAK

Editorial Note: Be brief. A letter limited to 200 words or less is more likely to be read. Letters signed by a nom de plume must be accompanied by the writer's name and contributor's view, and may or may not express the papers.

"NEBRASKA WHITE SPOT."

Omaha, Neb.
To the editor of The Lincoln Star: Sen. Dwight Burney wants to pass the income tax and the sales tax and the liquor tax. I'm not smart enough to know how good or bad any of these are, but I believe nobody can deny that only people with income can be expected to pay an income tax, so it seems to be the most reasonable tax on sales tax on food and other necessities of life could be very cruel to a family with only enough income to pay for the necessities; people who can afford liquor can afford more tax on it. I hope the income tax will be passed; I hope if the sales tax is passed it will be in a form which exempts food from tax; I will not have to pay any liquor tax so I don't care about that one. I hope you did some good by making Mr. Burney's blood boil.

H. R.

LOW INCOME CITIZEN.

Omaha, Neb.
To the editor of The Lincoln Star: Well, Senator Burney says you woke him up. It looks as if he wants to bring up that sales tax again. If these men in the legislature are our representatives why can't they see that the people with little income have to eat and the sales tax will put the squeeze on us? Nobody is going to the poorhouse from paying a tax on his income. I hope you wake up someone who will try to get a replacement tax where it really belongs—on the people who earn enough to pay it.

LOW INCOME CITIZEN.

Omaha, Neb.
To the editor of The Lincoln Star: I didn't get to see your editorial but it must have said a lot! Senator Burney's statement to the legislature shows you aroused at least one of the legislators to a sense of his responsibility. I don't like his idea of a tax on milk, bread, meat and potatoes, but if a sales tax exempting those things could be passed it might be all right. Income tax is the only tax which is based on ability to pay. We most certainly should support our state institutions by an income tax.

READER.

AUBURN, NEB.

To the editor of The Lincoln Star: If we all pull together we can overcome this White Spot phobia. We Nebraska property owners are so white because we are bled white. Surely our state has reached the saturation point in property and gas tax. Let us have a sales tax even if it isn't "land-access" roads we farmers can at least reach the highways. Without farm roads restricting is impossible. Give our university more money so we can regain the educational rating we used to have. Help our chemistry department so we can solve our rapidly approaching problem of overproduction. We want a better Nebraska for all Nebraskans.

MRS. C. E. McDONALD.

NEBRASKA'S PROBLEMS

Lincoln, Neb.
To the editor of The Lincoln Star: Congratulations on your wonderful editorial entitled: "Are Nebraska's Neighbors Downhearted?" The most comprehensive, intelligent, to say nothing of informative story about our neighboring states I have ever been privileged to read. I do hope it sinks in and those that have the authority will do something about our Nebraska problems. It might be a good idea to mail this story throughout the state. Again, I commend you and only wish you had better co-operation.

A. Q. SCHIMMEL.

RENT DECONTROLS.

Lincoln, Neb.
To the editor of The Lincoln Star: As a democrat, this writer invites a republican state senate to pass the rent decontrol bill. Believing as did Abraham Lincoln that human rights are superior to property rights, as a humanitarian, I denounce and condemn the attempt. Who are they to be tossed into the lions den? They are the white-collar workers to whom not a dollar of increased benefit has come in these inflated times. They are the aged, almost wholly dependent upon landlordism for shelter, and they are the students trying to work their way through college. These are the men and women upon whom most of the increased cost of housing would fall. And to what end? To give the landlord, in addition to a 50 per cent increased value to his property the past three years, an increase of rent, already inched along through one process or another, beyond the low rentals of a few years ago. And through this process, reality agents hope to drive the more prosperous renters into buying their inflated offerings. Punishing the poor in order to rake excessive profits from those possessed of wealth. What a picture of inordinate appetites for the almighty dollar!

CECIL E. MATTHEWS.

SAME OLD STORY.

Lincoln, Neb.
To the editor of The Lincoln Star: It's the same old story every two years when the legislature meets. No agency is satisfied with the sums allotted, but when they adjourn the people will know taxes have increased. Here is a brief summary of the increases: Budget, \$16,000,000; gasoline tax \$7,200,000; auto licenses \$3,180,000; use stamps, \$1,590,000; local, \$300,000—a total of \$28,270,000 increase over the previous two years. Some people wonder if all of these increases are necessary, especially that \$300,000 local increase.

B. S. KECK.

MORE ELECTRICITY

Lincoln, Neb.
To the editor of The Lincoln Star: To acquire an endless sup-

WASHINGTON CALLING

by MARQUIS CHILDS

WASHINGTON—In the course of knocking heads together on the theory that this is the way to bring about unification of the armed services, secretary of defense Louis Johnson has in the space of one crowded month offended many important people. One of them is the president of the United States.

Shortly before Johnson's appointment was decided upon, Stuart Symington, secretary of the air force and the only service head to survive Johnson's sweep, had agreed to meet with a group of newspaper men for an off-record discussion of air policy. Merely as a formality, he felt he should check this with his new boss. Symington reported to the newspaper men that the meeting would have to be called off. Johnson did not approve of off-the-record talks.

This sounds slightly laughable in retrospect. One of the reasons Johnson finds himself in hot water is his tendency to tell on an off-record basis, or "use it but don't quote me," so many important decisions.

During the past week it added up, if not to a comedy of errors, then to a farce of misunderstanding. In three specific instances Johnson used the "don't quote me" technique. Because I think this causes harmful confusion in government and in the newspaper business, I think it's important to list those examples.

1—Late Tuesday night when he stepped off a plane from New York, where he had been talking off the record to newspaper publishers, Johnson was asked about a report that Jonathan Daniels, former white house aide and son of the late Josephus Daniels, would become secretary of navy. On a "don't quote me" basis, Johnson said, in effect, no, that would not happen; it wouldn't promote harmony since Daniels and undersecretary of defense Stephen Early were not on friendly terms.

2—On Wednesday, coming out of the president's office in the white house, Johnson had a long off-record conference with reporters. Using the "don't quote me" technique, he told them Curtis Calder, head of Electric Bond

ply of power—electric, air, sea, land and atomic—is discussed whenever our national defense program is debated. There is a shortage without any unusual defense program drain, or unusual power needs. We talk of the merits of a 58 or 70 group air force. But we must have aluminum and cannot get it without more economical power. In fact, we will have a serious shortage of electric power if any unusual defense program drains our power needs. In Arkansas, 72 million pounds of aluminum was lost and half a plant made idle by lack of loss of power. We must have enough electric power to let industry expand, thereby providing more jobs and a better standard of living. Last year, we produced 55 million kilowatts of power. To prosper best, we should have double that in the near future. It is estimated 77 million kilowatts of prospective water power now runs into the ocean as waste water. This could be turned into electricity through dams which would also provide irrigation, control floods, and give our people the advantage of cheap water transportation. How unfortunate it is that we do not have more far-sighted men like former Senator Norris and President Roosevelt. They each had the vision and the leadership to put over great and beneficial undertakings like the Tennessee Valley Authority. If they were living today, there would be no question about MVA to meet the available power and irrigation possibilities, patterned after the TVA.

J. R. FARRIS.

VOICE OF EXPERIENCE.

Lincoln, Neb.
To the editor of The Lincoln Star: To your readers who still believe that experience teaches, I submit the following:
Umbrella Man: Let us thank heaven for the Hoover cooling-off period. Soon our bread cast upon the troubled waters of poor Germany will come back meaty sandwiches.

Voices of Experience: Don't be too sure. Have you forgotten 1918 so soon, and our leaves of love, forgiveness then cast upon the waters only to come back from the mouths of belching cannon?

U. M.: Yes, but things are different now. Hitler, the war-

Pulitzer Prize To Journal

All-Star Primary Vote Plan Cited

NEW YORK —(AP)— Pulitzer prizes have been awarded to "Death of a Salesman," the smash Broadway hit, and to "Guard of Honor," a novel about a wartime air force general.

The writers were named yesterday by the trustees of Columbia university — 45-year-old James Gould Cozzens as the outstanding novelist of 1948 and Arthur Miller, 33, as the outstanding dramatist.

Robert E. Sherwood received an award for his intimate biography, "Roosevelt and Hopkins."

The Pulitzer committee decided that the Nebraska State Journal of Lincoln, Neb., rendered the "most disinterested and meritorious service" among the nation's newspapers. The Journal was honored for promoting a presidential preference primary vote planned by Editor Raymond A. McConnell, Jr.

By petition, McConnell entered all the likely republican presidential candidates. President Truman was entered on the democratic side.

The filings aroused such interest both in Nebraska and nationally that candidates Dewey, Taft and Stassen stumped the state. Several others came into the state for brief stays.

McConnell said the Journal's entry in the Pulitzer contest included all the paper's efforts throughout the year to stimulate public interest in elections.

"Vote's Guide."

The editor said the idea behind the paper's campaign was to help make democracy work by stimulating a better informed electorate. In his drive toward this goal, McConnell followed the presidential preferential with a rounded general election campaign. This ended just before election with a "Voters Guide" designed to assist the voter in making his final choices.

Included also in the entry was a post-election editorial entitled "The People's Choice."

Shortly after the vote, McConnell editorially pointed out that the Nebraska law did not permit a first and second choice.

This editorial drew immediate attention of Nebraska state senators.

So when Nebraska's legislature began in January there was a quick move to change the law.

Today it provides for first and second choices.

Reporting Award to N. Y. Sun.

A New York Sun series by Malcolm Johnson on waterfront crime was adjudged the year's outstanding work in the fields of journalism, letters and music, were made by the Columbia trustees on recommendation of the advisory

board of the graduate school of journalism.

The awards—given for the 32nd year—were established in 1917 through a gift of \$2,500,000 made to Columbia university by the late Joseph Pulitzer, former publisher of the New York World and the St. Louis Post-Dispatch.

A cash award of \$500 is given each individual winner, and a \$500 gold plaque to the winning newspaper. This drama award covers the year from April 1, 1948, to April 1, 1949, and all other awards are for the calendar year 1948.

Music Award.

The music award went to Virgil Thomson, 52, music critic of the New York Herald Tribune, for the accompaniment to "Louisiana Story."

Lulu Phares, 80-year-old pianist and the oldest man ever to win a Pulitzer prize in that field, was honored for a cartoon in the Newark (N.J.) Evening News. The cartoon showed a broken down piano labeled "Coal Strike" with a judge was shown pointing a finger at United Mine Workers boss John L. Lewis, who was asking innocently, "Who Me?"

Two newspapermen won prizes for the year's best editorials in the first joint award of its kind since 1926. The winners were John H. Crider, 43, editor-in-chief of the Boston Herald and Herbert Ellison, 33, English-born member of the Washington (D.C.) Post staff.

Times Literary Prize.

C. P. Trussell, of the New York Times, received a prize for excellence in covering the national scene from Washington.

Price Day, of the Baltimore Sun, was honored for a series of articles on India's first year of independence, which was adjudged the best reporting on international affairs.

The newspaper photography award went to Nataniel Fein, of the New York Herald Tribune, for a picture of the late Babe Ruth. The picture, entitled "Babe Ruth Out," showed Ruth, bat in hand, as he was honored at the Yankee stadium shortly before his death.

"The disruption of American Democracy," an historical study of political crisis that led up to the civil war, won a prize for Roy Franklin Nichols, of the University of Pennsylvania.

Peter Voreck, of Mount Holyoke college, South Hadley, Mass., was honored for "Terror and Decorum," a collection of his poems published in magazines.

ROBERTS—Mr. and Mrs. Richard Fletcher (Ruth Marie Hunter), April 22.

HOLDING HANDS, actress Ingrid Bergman and director Roberto Rossellini tramp through ruins of a medieval castle on the island of Stromboli, off Sicily, where they are making the "low cost" picture, "After the Hurricane."

Ingrid Bergman Searches Her Heart For An Answer

... WILL SHE DIVORCE DOCTOR HUSBAND AND WED ROSSELLINI?

ROME—(AP)—Like any girl in love, Ingrid Bergman walked Stromboli's sunny shore today hunting a design for happy living.

In her heart was the answer to a question which might have been lifted from one of her Hollywood scripts.

Did she love Roberto Rossellini, stormy genius of Italy's film world, as Italian newspapers reported?

Or were there more happy years ahead with her doctor-husband, Peter Aron Lindstrom, whose marriage with the actress has for years been about as near an idyl as Hollywood could boast?

Nobody knew the answer—except the 31-year-old film star.

But Robert Conway of the New York Daily News, who talked with her for four hours on Stromboli, said Miss Bergman had "tacitly confirmed" that she is in love with Rossellini.

She refused to deny that she will divorce Dr. Lindstrom, father of her daughter, Conway cabled his paper.

Another question mark was whether Rossellini was free to marry. He has been separated from the mother of his children for some years, Italian press reports said. But there has been no confirmation of rumors that he received a recent Hungarian divorce.

CHURCH CALENDAR

Tuesday Night.

East Lincoln Christian, church board, 7:30.

First Christian, Mothers club, 7:30, Lincoln high school rooms 120.

Wednesday.

G.A.R. and affiliated orders, state convention, all day.

G.I.A. to B. of L.E., meeting, I.O.O.F. hall, 2.

Shanghai Still Waits For Reds

Financial Crisis In Great City Mounts

SHANGHAI—(AP)—Kwangteh, important city midway between Wuhu and Hangchow, has been captured by Red troops, the Peiping communist radio said today.

The radio claimed victory for the communists in a battle on the borders of Kiangsu-Anhui and Chekiang provinces. The radio said 2,400 nationalists were captured.

The report has not been confirmed by any other source.

Efforts to telephone Hangchow, 121 miles southwest of here, brought the reply the lines were "out of order."

Reds Claim Tating.

The communist radio said also that Tating, 125 miles west of Peiping, had been taken. The city, last nationalist bastion north of the Yangtze except surrounded Tsingtao, on the coast, surrendered on May 1, the radio said.

Tsingtao is the base of the U. S. western Pacific fleet.

A U. S. navy spokesman said at a news conference that American, British and French naval vessels hurriedly departed from Shanghai last week to keep the communists from trapping them on the Whangpoo river.

A nationalist garrison communique said that six Chinese warships captured and sank by the communists had been sunk by government planes.

Artillery Rumble Heard.

The assertion came a few hours after the rumble of artillery was heard to the northwest of Shanghai. There was no sign of approaching Reds. But the chaos in the financial market grew during the day.

The communique said the national air force in 10 days of bombing and strafing attacks had damaged two more of the 12 ships which had been left to guard Nanking and were trapped by the communists. In addition the government announced its forces destroyed 10,000 red troops, 600 trucks, 500 wooden river boats and 300 horse drawn carts.

(Chinese casualty figures frequently are exaggerated.)

THE PEOPLE SPEAK

(Continued from Page Four)

monger, is dead and nearly all the big brass hat war criminals hanged or given prison sentences.

V. of E.: In 1918 Kaiser Wilhelm's close relationship to the Saxo-Coburg-Gotha royal house of Great Britain saved him from the gallows, and his cowardly abdication did not prevent an insignificant Austrian upstart from leading a civilized, highly cultured nation into a bestial, bloody war of revenge unsurpassed in cruelty by any conflict which the history of a bygone past can show.

U. M.: Yes, the Versailles treaty containing the covenant of the League of Nations proved a fizzle due to international and national political chicanery.

V. of E.: Have you any definite proof that the Atlantic pact will not suffer the same dissimulation?

U. M.: Yes, definitely. It is backed by the threat of atomic warfare. Anyway, that is how Mr. Winston Churchill feels about it.

V. of E.: What proof have you or Mr. Churchill that we alone possess the secret of the atomic bomb?

U. M.: Ah, would that we be could pierce the Iron Curtain and into the hearts of the fallen enemy, for there alone lies the answer.

V. of E.: Ah, now, my friend, I have thee on the hip, for it is common knowledge that hundreds of German scientists—not prisoners of war as some would have you believe—are at present engaged in atomic research in Russia, South America, Japan, China, the United States and Canada. The prevailing cold war with Russia, grows warmer, but it will not be at white heat until Germany and Russia will have achieved their atomic objective, thanks to sentimental fools like yourself. Your scraps of paper will simply light the fuse to the powder keg of another world conflagration which will be the last. What no response? Of course not. Only the sacrifice of millions of khaki-clad youths will be the answer to this prophetic jackpot question.

JOHN T. PECK.

PARKING VOTE

Lincoln, Neb.

To the editor of The Lincoln Star: I am enclosing a news story from the Lincoln Star of April 27 entitled: "Parking Fight May End Up In District Court." Could you please tell me why we hold elections for the people and by the people at several thousand dollars' expense to the taxpayers when the District court can decide the voters' request.

D. JOHNSON.

NOTE: If the issue winds up in the courts it will be to thresh out legal phases. The editor thinks the mandate by the voters was clear, plain, understandable.

TEXAS PAROLEE FIGHTS RETURN, SEEKS FREEDOM

Released from the state penitentiary Monday where he had completed serving a two-year term, a former Texas inmate immediately filed a petition for a writ of habeas corpus in an effort to prevent extradition to Texas.

Chester Wilshusen is wanted in Texas to answer a charge of violating his parole. He was given a 5-to-35 year sentence there in 1937, after being found guilty of a robbery by assault charge. He was released on parole in 1942, and Wilshusen claims his parole sponsor in Texas gave him permission to leave the state.

A Texas law authority was in Lincoln today to return Wilshusen, who is now being held in county jail, but the return was held up pending action on the writ.

Wilshusen was sentenced to the Nebraska penitentiary from McCook in September, 1947, following a conviction on a grand larceny charge.

Learning The Hard Way

MORGANTOWN, W. A.—(AP)—Richard Taber, first-year medical student at West Virginia university, is learning his obstetrics the hard way.

He delivered his own son yesterday.

Taber had called a doctor and arranged for a hospital room. But when he returned, the baby was on its way and he completed the delivery. His wife and the baby got to the hospital 30 minutes later. Both are "doing fine."

Car Coasts Into House—Ira Fazel, 2340 P street, reported to police that Monday evening his 11-year-old son Donald got into his car and pulled it out of gear, allowing it to roll into the side of the home of W. L. Steele, 2336 P. Estimated damage to the house was \$15, for two broken siding boards.

Accessories Taken—J. T. McEvoy, 1127 South Twenty-sixth, reported to police the theft during the past week of one hubcap and one inside door handle from his car. He estimated total loss at \$4.

Two Pedestrians Die In Separate Traffic Accidents

Holdrege, Omaha Men Are Killed

Bring 1949 State Death Toll To 50

(By the Associated Press)

Two traffic deaths in 24 hours boosted Nebraska's highway death count Tuesday for the year to an even 50.

Both accidents involved pedestrians struck by vehicles. One happened in Omaha Monday night, the other in Holdrege Monday.

Acting Douglas County Coroner George Sullivan identified the Omaha victim as E. M. Hoffman, 70, of Omaha. He was dead on arrival at the Douglas hospital. His chest had been crushed and he had a fractured leg.

County Assessor Victim. Driver of the car was Archie Neet, 25, of Omaha. He told Deputy County Attorney Theodore Richling that he did not see the pedestrian until the man loomed up a few feet in front of his car near the center of an intersection.

In the other pedestrian-motor vehicle accident, S. E. Hackman, 75, Phelps county assessor, was killed when he was run over by a truck at a downtown Holdrege intersection. Officers identified the driver of the vehicle as Lou Ventling, farmer living south of Atlanta.

Hackman had been county assessor since 1940. Prior to that he was in the produce business. He came to Holdrege in 1888.

Methodists Will Replace Gettman

SCOTTSBLUFF, Neb.—(AP)—The Methodist conference will supply Harrisburg with another pastor to replace Karl A. Gettman, the Rev. Harold Sandall of Scottsbluff, district superintendent said.

Other than that, the church plans no further action in connection with Gettman's resignation, which was accompanied by a verbal blast at the church.

Communist Charge. In announcing his resignation, Gettman claimed it was because the church tolerates "communist doctrines."

In Omaha Dr. Paul N. Hillman, superintendent of the Omaha district, denied the charge and said the organization to which Gettman referred, "the Methodist Federation for Social Service," was not an official agency of the church.

Rev. Sandall said Gettman had "no official standing" in the church but was given permission to preach at a time the small congregation was without a minister.

BENJAMIN F. PARKS, 39, resident of Shelton for 70 years, died at his home Thursday. Born in Ohio, he came to Shelton when he was 20 years old. Surviving are five daughters, Mrs. Stewart, Los Angeles, Calif.; Mrs. Charles, Grand Rapids, Mich.; Mrs. Charles, Grand Rapids, Mich.; Mrs. Charles, Grand Rapids, Mich.; Mrs. Charles, Grand Rapids, Mich.

THOUSANDS SAY INNER-AID WORKS INCHES OF BLOAT OUT OF UPSET STOMACHS

Great Compound Has Astounding Action on Swollen, Gassy Stomach Organs — Works Out Poisonous Waste and Brings Relief!

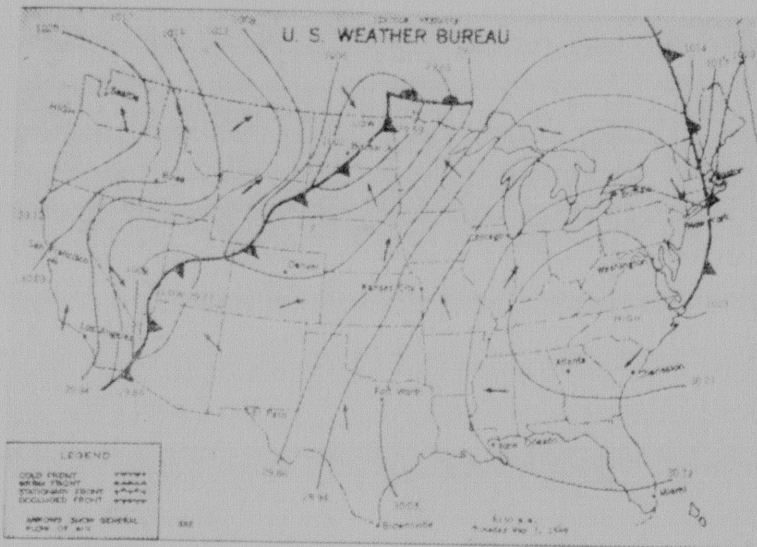

At the present time the sale of Inner-Aid, here in the City of Lincoln and general section, stands at the highest point in ITS HISTORY! Leading druggists are amazed at this immense demand and say that nothing like it has ever been seen before. However, this great sale is all due to one thing, that is, the astounding action of this remarkable medicine upon the stomach and bowels. It is the great relief it brings which causes crowds to flock in for Inner-Aid wherever it is introduced.

AWFUL BLOATING

For instance, consider the amazing action of Inner-Aid in cases of gassy stomach. This is a condition that afflicts thousands. And it is a horrible condition, as any of our poor victims will tell you! Many people are so bad off they can't go to the finest restaurant and eat a meal—can't even eat the most wholesome of home-cooked food!—without being in misery afterward. They bloat and swell, until they can hardly breathe. Heart palpitations wildly from gas pressure. They belch up a horrible sour substance, known as "water brash." Sometimes this terrible "water brash" rises into throat and mouth like a regular fountain. So bitter it almost causes STRANGULATION. Awful gas pains come in stomach and chest. The abdomen sometimes feels sore. CONSTANTLY from continual gas and bloat pressure. And all night long this misery continues, so sleep is next to impossible. Some poor sufferers feel like they are about to smother every time they lie down in bed to try to sleep. They have to rise up to get their breath back. Others have such awful gas pains in chest they can't lie on EITHER SIDE. So all night long they suffer.

AMAZING RELIEF

Truthfully it can be said, as it has been said so often: No greater misery hath any man than he with an upset stomach! And that is why so many people are praising

WEATHER BUREAU SUMMARY—Under the conditions shown on this map, with a trough of low pressure between high pressure to the east and west, warm moist air is moving northward over the Plains states; but the rainfall thus far is confined to the North Pacific states and to the Atlantic states southward to North Carolina, where a cold front is advancing eastward. Some heavy rains exceeding an inch occurred since early Monday in several localities from Southern New England to eastern Virginia and on the North Carolina coast. Temperatures above 80 occurred Monday afternoon in most portions of the Missouri Valley and above 90 in the southwestern states, with over 100 in the Pecos valley of western Texas. Early morning temperatures are in the 30s and 40s from western Montana to Nevada.

Nebraska Deaths

CONRAD JOHNSON.

FREMONT—Conrad Johnson, 61, resident of Fremont for 17 years, died at his home Friday after an extended illness. Surviving are his wife, three daughters, Mrs. Vernele Johnson, Mrs. Herman Misk and Phyllis, all of Fremont, four sons, Paul, Edwin and Dennis, both of Richmond, Wash., and three sisters.

HENRY E. LUEBKER.

ARLINGTON—Funeral services for Henry E. Luebker, 67, Arlington farmer who died April 22, were held Monday here Friday, April 22. Surviving are his wife, Matilda, one son, Leonard, two brothers, three sisters and one grandchild.

HENRY SCHAFF.

GRAND ISLAND—Funeral services for Henry Schaaf, 57, who died suddenly at his home Monday afternoon, were held Thursday at the home of his daughter, Mrs. John B. Seasholtz, in Grand Island, Neb. Surviving are his daughter, one daughter, Pearl, Pueblo, Colo.

WILLIAM F. DORSON.

EDGAR—Funeral services for William F. Dorson, 83, retired Edgar farmer, were held here Monday afternoon. He died Thursday at the home of his daughter, Mrs. John B. Seasholtz, in Grand Island, Neb. Surviving are his daughter, one daughter, Pearl, Pueblo, Colo.

REUBEN E. POOL.

GIBSON—Reuben E. Pool, 87, pioneer pioneer of this community, died at a Kearney hospital Thursday. Services were held here Sunday afternoon. He came to Nebraska in 1888 and has since 1909. Surviving are his wife, Leola, seven sons, Merl, Grand Island, Neb.; Gibson, Albany, Oregon; Floyd, Cheyenne, Wyo.; Lloyd, Ontario, Calif.; Robert, Gibson, and Edwin, Harbin, Mo.; two daughters, Mrs. Delbert Lewis Gibson and Mrs. Dennis Pace, Lincoln.

Death Claims Wife Of Shelton Mayor

SHELTON, Neb.—(AP)—Mrs. W. E. Amos, 65, wife of Shelton's mayor, died of a heart attack late Sunday. Funeral services will be at 2 p. m. Thursday.

Mrs. Amos was a daughter of early settlers in the Shelton community. She was a Methodist and an active worker in the Eastern Star. Survivors include her husband, a brother and a sister, all of Shelton.

Church Women Protest Fund Cut For N. U.

Broadened Tax Base Favored

AURORA, Neb.—(AP)—The Nebraska Council of Church Women was on record today in opposition to a reduction in appropriations for the University of Nebraska.

The group's 12th annual state convention went into its second and last day today.

"As Christian women, we are concerned with the importance of opportunities for our children and young people, and are disturbed by indifference shown toward values as revealed by the present legislative attitude toward appropriations for our state university," said the resolution, adopted late yesterday.

"Therefore we protest the suggested cut in requested appropriations and ask the unicameral to explore possibilities for raising the necessary funds through a broadened tax base rather than a further burden on property owners."

"Therefore, we urged each woman to write her state senator at once to express her opinion."

Two kinds of churchgoers. More than 125 women from throughout Nebraska were on hand for the convention, presided over by Mrs. Otto Hackman of Lincoln.

Mrs. R. R. Scarr of Omaha, president of the Nebraska Synodical of the Presbyterian church, told the convention there are two kinds of churchgoers—the church member and the member of the kingdom. Atomic power is exceeded only by "the power of the human soul when the kingdom of God is within you," she said.

The Rev. Wayne Green of Beatrice, pastor of a Christian church, charged that the church today is unwilling to face the implications of its faith.

"The church is complacent and we are playing with our faith," he said. "Today the way is open around the world for the church to live and redeem and save the world. Will we meet the challenge?"

Mrs. Arthur L. Smith of Lincoln traced accomplishments of the United Nations in the past three years and said long dis-

Spellman Will Receive Royal Omaha Welcome

(Special to The Star)

BOYS TOWN, Neb.—Francis Cardinal Spellman of New York, who, with the archbishops and bishops of Omaha and Dubuque, will dedicate the new high school section at Boys Town Sunday afternoon, will arrive in Omaha Saturday morning.

Plans have been formulated for a welcoming reception at the Union station for Cardinal Spellman. Heading the delegation will be Archbishop Gerald T. Bergan of Omaha, Rt. Rev. Msgr. Nicholas H. Wegner, director of Boys Town, and Jack Dredla, mayor of Boys Town, along with members of his senior class of the Boys Town high school.

The Boys Town band together with Omaha civic leaders will complete the official welcoming party.

While actual dedication ceremonies will start at 3:30 p. m. Sunday, open house for public inspection of the new buildings will get under way at noon.

Buy Equipment To Test Flour

... Under New Law

The state is in the process of expending \$1,140 to carry out the provisions of one of the "non-controversial bills" passed by this session of the legislature. The expense comes from requirements that flour be enriched with vitamins and that the department of agriculture make inspections.

Rufus Howard, director of agriculture, says that for the present pure food inspectors in the department will be able to obtain required samples without any additional personnel. In the laboratories, present personnel will make the tests although other testing will be slowed up.

In order to carry out the testing provisions of the bill, the laboratory has been required to purchase a \$540 spectrophotometer, a \$150 ultra-violet illuminator and meter and transformer costing \$300.

Discussions serve to bridge the thinking of the east and west.

Other speakers included Mrs. P. S. Wegner of Lincoln, national board member, and Dr. L. P. Mattingly, director of religious life at Nebraska Wesleyan university, Lincoln.

Dr. Benson Is President Of Medical Group

State Academy Of General Practice

OMAHA—(AP)—Dr. Harry W. Benson of Oakland has been elected president of the Nebraska Academy of General Practice.

He was named at the first annual meeting of the academy here Monday night. Dr. Bernard V. Kenny of Omaha was elected vice president.

The group unanimously passed a resolution which said "we are opposed to any form of compulsory insurance and any system of medical care designed for national bureaucratic control."

Hits Compulsory Program

The principal speaker at the meeting was Dr. R. B. Robins of Camden, Ark., a member of the house of delegates of the American Medical association, and also a democratic national committee-

"Administration spokesmen have given vague estimates of from four to six billion dollars a year as the starting cost" of the program, he said. "These figures are obviously untrue and unrealistic, for the American people already are spending about \$6,500,000,000 annually for medical care without the extra expense of a government health bureaucracy."

"In Germany, the birth place of compulsory health insurance, there was one non-medical employee for every 100 insured persons," Dr. Robins said. "Our own veterans administration has one employee for every 97 beneficiaries. At those ratios, a compulsory health insurance scheme in the United States would require between 1,000,000 and 1,500,000 government pay-rollers and administrative costs of at least \$3,000,000,000 annually."

Cartilage Bank Is Planned In Denmark

COPENHAGEN—(AP)—Eye banks and blood banks have become well known factors in modern medical science. Danish doctors now plan a "cartilage bank."

The idea is to store cartilage, removed after death, and use it in operations. Tests have proved highly successful, doctors said.

Curtis Introduces Annual Leave Bill

WASHINGTON—(AP)—A bill to give annual leave for military training to members of reserve groups who are employed on "temporary" basis in civil service jobs was introduced by Rep. Carl T. Curtis (R-Neb.)

The Nebraskan said he drafted the bill after he learned "a key squadron commander" in the Nebraska air National Guard was unable to get leave to take part in a two-weeks training program.

He identified the squadron commander as Merle E. Bouges, a temporary employee at the Lincoln post office. Under present laws, only permanent workers are permitted leave for military training.

D. SORENSON.

PHILLIPS—Funeral services for Mrs. Phillips, retired Phillips merchant, were held here Friday afternoon.

Conner Cleared In Manslaughter Case

OMAHA—(AP)—A District court jury has cleared George Conner, 38, Council Bluffs, Ia., of a charge of manslaughter growing out of a fatal traffic accident here last summer.

The jury returned the innocent verdict late Monday after two hours and 15 minutes of deliberation.

Conner was charged in the death of A. C. R. Swenson, attorney and Swedish consul here. Swenson and Marguerite Arthur of Waterloo, Ia., were killed in a three way crash in which Conner was the driver of one of the cars.

Judge James T. English heard the case.

MRS. RUTH E. NORTH.

HASTINGS—Funeral services for Mrs. Ruth E. North, who died Thursday at her home, were held here Saturday. Surviving are one brother, two nephews and three nieces.

These prices feature "Extras" that aren't!

If you're price-conscious these days as you shop for new cars, you've probably made a big discovery.

It's important to find out what the price includes—particularly in the normal "spread" between list and delivered prices.

Take these Buick prices given here. All of them, as the panel tells you, cover such universally wanted accessories as radio and antenna, heater and defroster, windshield washers and built-in back-up lights.

These are individually itemized on your bill of sale. Not itemized, but still included in your Buick when you get it, are many things that classify as extra-cost items on many other cars.

For instance, Foamtex seat cushions are an extra value on Buick SUPERS and ROADMASTERS that cost you nothing extra.

You get direction signals, rear wheel shields, a flexible steering wheel, an air cleaner, an oil filter, a clock—all included in the basic list price. On all ROADMASTERS, these prices even cover Dynaflo Drive as standard equipment, not an extra-cost item.

Included also, of course, are such Buick extra values as Fireball power, which you get nowhere else—all-coil springing, almost an exclusive—the widest rims in the industry—and that very special and desirable solid Buick feel.

So—check the "extras" when you price today's cars. Check the "deal" too, and make sure it's as fair and aboveboard as the Buick sales policy.

We're pretty sure what your conclusion will be when you see what stepped-up production is doing to deliveries. You'll decide "Buick's the buy!"—and get your order in.

New Rent Formula To Up Income

Property Owners To Get 25 To 30 Per Cent

WASHINGTON — (AP)— The government came up today with a new formula for figuring fair rent ceilings—but it provided no immediate answer on how much it will increase rents.

The new formula will be applied to the 14,000,000 dwellings still under federal rent control. It was worked out under orders from congress to provide the landlords with a "fair net operating income."

Housing Expediter Tighe Woods last night announced details of the new "yardstick," designed to provide property owners a net operating income of 25 to 30 per cent on rental units.

Questions Not Answered.
The new policy, Woods said, will not mean a general, across-the-board hike in the nation's rent bill. But in announcing the basis under which all future rent increases will be granted, the housing director left unanswered:

1. How much will average rents go up under the new rule which congress ordered in approving the 26-month extension of federal rent controls?

2. How widespread will new increases be and in what areas will they occur?

Woods said, in effect, that these questions now are a matter for landlords and tenants to determine—with area rent offices acting as referee.

'Small' Landlords Gain.
Under the new policy, "small" landlords—those renting one to four dwelling units—will be allowed rent increases if net income is less than 25 per cent of gross income. In such cases, rent will be upped to a 30 per cent level.

For "large" landlords—those renting more than four units—incomes will be permitted to bring operating income to 25 per cent.

Volunteer Firemen Again Ask State Ban On Fireworks

Volunteer firemen carried out instructions of the state fire school at Grand Island April 26 and placed copies of a resolution on the desks of each member of the legislature Monday.

The resolution read: "Be it resolved that we continue our efforts to eliminate the loss of life and property by prohibiting the manufacture, sale or shooting of fireworks within the state except by experts authorized by the state fire marshal for special celebrations."

The legislature carried LB 83 which would have killed out the provisions sought by the firemen. The statement said that the action was taken by 454 paid and volunteer firemen representing 109 fire departments.

The resolution was signed by Ralph T. Hawkins, Auburn, chairman; and Fire Chiefs Richard A. Engelhaupt, Alliance; Melvin M. Clement, Ord; John Hilderbrand, Ogallala; and Raymond D. Melville, chief instructor of the Omaha fire department.

If the net figure is now below the 20 per cent mark.

Woods said it is impossible to tell how many rents will be increased under the formula. No accurate figures are available to show how much landlords' net operating incomes now average.

In addition to setting up the amount of net income to which landlords are entitled under the law, the procedures also outline specific steps which must be taken by landlords to get rental boosts.

Procedure.
Landlords first must petition area rent offices for increases under the formula. That provides automatic notification to renters, who then will be given an opportunity to oppose the increase.

Explaining operation of the "fair net income" yardstick, Woods offered this sample case:

A "small" landlord with a total income from rents of \$1,000 annually has operating expenses—including taxes—of \$600 a year. This leaves a "net operating income" of \$400 a year or 40 per cent of his gross rental income.

He then is entitled to a rent ceiling increase to boost his net income to 30 per cent. In this case, such an increase on the property is \$12 per month which brings the landlord's gross take to \$1,143 a year. The figure is obtained this way:

Multiply the landlord's operating expenses, including taxes and depreciation, by 100 and divide by 70 (the allowable percentage of expenses). The answer is the amount to which the rent can be increased in the case above, that's \$143.

For "large" landlords, the formula works the same way except for the lower percentage figures. Multiply operating expenses, including taxes and depreciation, by 100 and divide by 75 (the percentage allowable for the "large" operation.)

Husband Operates Iron Lung 10 Hours To Save His Wife

Death Averted As Train Speeds Across Nebraska

ITHACA, N. Y. — (AP)— A pretty, young mother stricken with polio ended a cross-country trip today in an iron lung—alive because of her husband's deft use of a beer can opener.

Death rode over the Union Pacific Flyer that brought Mrs. Shirley Palmer, 27, across the western plains yesterday. But her war pilot-husband was beside her when the electric motor operating the air pump of the portable iron lung burned out.

Because he crouched there and operated the lung pump by hand for more than 10 hours, she enters Biggs Memorial hospital today for treatment.

The lowly beer-can opener? When the handle on the lung bent under pressure of the marathon operation, Bob Palmer, 31, was desperate.

He told reporters: "I began to wonder what I was going to use for a new handle. I had the can opener handy, and it has a little hole through the end of it which slipped over the pin nicely. So, I slipped it on and used it as a handle."

Palmer began his 10-hour job of working the pump by hand when the electric motor gave out east of Cheyenne.

The conductor wired ahead to North Platte, Neb., for a new

by **WALTER KIERNAN** **ne man's Opinion**

(Distributed by International News Serv.) Bridgeport, Conn., will devote an entire week to honoring the memory of P. T. Barnum whose theory on the sucker birthrate is now accepted politics.

Darwin held that man descended from the apes, but Barnum held more to the belief that most of us didn't quite make the last rung.

When Phineas philosophized, "There's a sucker born every minute," the people scoffed . . . and then went on to prove it.

In fact, the estimates have been running higher and higher in recent years although the expression itself is not heard as often.

Today it is enough to say "there's a taxpayer born every minute" . . . or perhaps just "a human born every minute."

But it was Phineas' ill luck to be born in the wrong century . . . he only got as high as mayor of Bridgeport.

7 Dead As Flash Fire Burns Home

Sleeping Occupants Trapped By Blaze

HINTON, W. Va.—(AP)—Seven persons perished early today when fire swept through a two-family frame house.

Fire Captain John Lively said it burned so quickly all seven of the sleeping occupants were trapped without a chance of escape.

The bodies recovered were identified as those of: Mrs. Anna June Deeds, 24-year-old divorcee, and her two children, Drema Kay, 4, and Hazel Joyce Deeds, 6; Mr. and Mrs. James Ellison and their three-month-old daughter, Diana Frances; and Homer Timcher, about 30, a visitor.

Family Should Give 10 Per Cent To Church, Charity

Rev. Kurth Says

Rev. Erwin Kurth at a stewardship institute Monday night at Trinity Lutheran church noted the importance of "spiritualizing" Christian giving.

Rev. Kurth, who is pastor of English Lutheran Church of the Redeemer, Fort Wayne, Ind., suggested that each family set aside ten per cent of its income for church and charity.

"In that way," he said, "we remember not only the local needs, but the needs of the nation and the world too." Among the more important and deserving charities listed were community chest drives, red cross and cancer drives.

The Indiana pastor cited the order of devotion of "the true Christian family." This is, "God first, family second, and business third." He said that when business is put before the family, "as it often is," the result is "child rejection and a broken home."

Rev. Kurth was assistant to his brother Carl Kurth at Beatrice in 1920. The institute was sponsored by the Allied Council of Lutheran churches (Missouri synod).

\$1,580,000 REA Loan Approved For Lexington

WASHINGTON — (AP)— The rural electrification administration today approved a loan to the Dawson County Public Power district, Lexington, Neb., in the amount of \$1,580,000.

Car Fee Hike Bill Advances

Third Highway Revenue Measure Clears 2nd Hurdle

In an afternoon session Tuesday the legislature advanced from general file LB 401, increasing motor vehicle registration fees, the last of the governor's highway revenue measures.

Two other bills included in the highway program, the gas tax bill and increased equalization fees for non-gasoline powered vehicles, were advanced last week.

The motor vehicle registration bill was advanced by voice vote, with almost no dissenting votes heard. Estimated annual income from the bill is set at \$1,225,000.

A minor amendment tacked on the bill before advancement Monday changed from 2,800 pounds to 2,600 pounds for the weight of cars that need only a \$6 license. All other cars pay a fee of \$8. Bus and truck registration fees are graduated according to weight.

\$1,100,000 to Cities.
A formula has been worked out by which cities and counties will share in the revenue raised by the bill. Of the 55 per cent to go back to the counties, estimated to amount to \$3,655,756, approximately \$1,100,000 will go to municipalities to finance street construction.

According to figures compiled by proponents of the measure, Lancaster county will receive \$261,200 from the bill on the basis of the number of motor vehicles registered in the county.

Of this amount, \$110,000 will go to the municipalities in the county. Also advanced by the legislature

was the general claims bill, calling for an appropriation of \$91,000 for the payment of sundry claims against the state.

Flower Specials for MOTHER

GLADS

For gorgeous beauty and matchless bouquets plant these fine assorted varieties.

JUMBO BULBS

10 for 59c

Not just a bouquet of temporary beauty but a planting of flowers which your Mother will enjoy through the year and for years to come. And do it the nice way.

Take them to Her

Plant them for Her

We have dozens of appropriately lovely flowers to plant for your Mother. Here are a few of the many. Come in and get them today.

Mock Orange

This SYRINGA VIRGINAL is an improved variety of an old favorite. It is one of the loveliest of all flowering shrubs. Semi-double blooms are intensely fragrant. Blooms profusely in May and June, and intermittently all Summer long. (Grows 5 to 6 ft. high.) Sturdy bushes.

Each 59c

Hybrid Tea Roses

Certainly Mother would love to have a gift of Rose Bushes. Choose from 13 of America's finest hardy varieties. Brilliant reds. Glowing yellows. Exquisite pinks. Rich two-tones. Our big husky bushes are sure to grow, sure to produce an abundance of beautiful blooms.

SUPER GIANT BUSHES

Each \$1.00; 3 for \$2.30

PINK TAMARIX

Both bloom and foliage are beautiful. Feathery silver blue foliage and plumes of rosy-pink flowers! Hardy and thrives anywhere. (Grows 6 to 8 ft.)

Each 49c

BLUE SPIREA

This beauty grows only 18 to 24 inches high and, in August, it will be covered with clusters of powder blue, fringed flowers. Attractive silvery green foliage.

Each 49c

BUTTERFLY BUSH

This "Summer Lilac" blooms continuously from early Summer until frost. Makes a compact growth 4 to 5 feet high. Excellent cut flowers. DUBONNET, dark wine red.

Each 39c

Forsythia Golden Bell

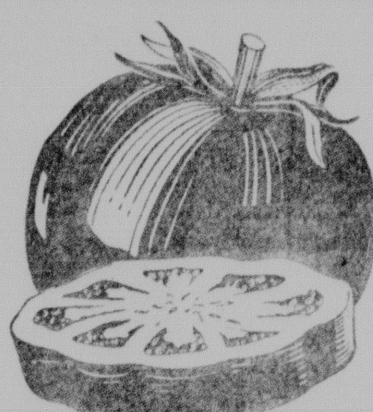

The flowers of this beautiful shrub come on extra early. Even before the foliage appears, the bush becomes a glowing mass of golden bloom. Attractive foliage too. (Grows 4 to 5 ft. high.)

Each 39c

EVERGREENS

Landscape Specimen Evergreens, balled in the rich soil in which they grew and tightly burlapped. Freshly dug. Assorted varieties and sizes.

PEITZER JUNIPERS SCOTCH PINES COLO. BLUE SPRUCE BLUE JUNIPERS GREEN JUNIPERS

Vegetable Plants

Wide selection of the best varieties. Thrifty, husky plants including:

TOMATO CABBAGE
PEPPER ONION
HEAD LETTUCE CELERY

Time to Plant

SWEET CORN

None so sugar-sweet and delicious as that you take fresh from your own garden! Make several plantings to keep it coming throughout the season.

You'll be paying 35c to 45c a dozen for "second hand" roasting ears. Just a 35c packet of our seed will grow you 15 to 20 dozen of them.

Choose from the world's finest varieties in our store.

EVERY PACKET GUARANTEED

Garden Tools

Rakes, Hoes, Pruning Shears, MAY-WAY Brand, famous for enduring quality.

Sturdy all-steel construction. Light in weight and easy running. Complete with mouldboard plow, 5-prong cultivator, double pointed shovel, and 8-inch surface shovel. Takes all the "sting" out of garden work.

Church Women Told Teach In Spirit Of Play

Mrs. Alice Goddard Addresses Workers

New methods in child direction were discussed Monday night by Mrs. Alice L. Goddard, director of children's work of the International Council of Religious Education, at St. Paul Methodist church.

Speaking before the local children's work committee of the city council of Christian education, Mrs. Goddard urged the more than 40 women attending to teach children to do things as a game, "in the spirit of play."

"In that way," she said, "children not only learn more, but enjoy it more, and therefore are eager to learn further."

Lists Basic Aims.

She listed the basic aims of the council and told the women it is their job to help the children realize those aims.

Those aims, in general, were:

Have the children cultivate the desire to understand God and Jesus. Create in the children a philosophy of the universe based on Christian precepts and to develop a Christian personality. Have the children participate in a Christian social order, around a Christian home, based on the teachings of the Bible.

Preceding Mrs. Goddard's talk, Dr. Frank Court gave the invocation. Mrs. Goddard was introduced by Mrs. Marvin Glantz, head of the local council for religious education.

Mrs. Mary Holm Installed Head Local Teachers

Mrs. Mary Holm Monday night was installed as president of the Lancaster county teachers' association at the group's annual dinner at the Y.W.C.A.

Mrs. Ina Burcham was installed as vice president and Miss Dorothy Quattrochi secretary. Mrs. Helen Shaw is the organization's treasurer.

Kelly Appointed Acting Manager Of Loup District

COLUMBUS, Neb.—(AP)—The Loup River Public Power district had a new acting manager today in Ed Kelly.

The district disclosed late yesterday that Kelly had been named acting manager to succeed Harold Kramer, who died last week.

The announcement of Kelly's appointment said he also would continue as purchasing agent and secretary of the district.

A member of the Loup board since the district was founded in June of 1933, Kelly resigned as director in January of this year to devote full time to duties of purchasing agent and secretary.

Father Charged With Death Of 3-Month-Old Girl; 'Meant No Harm'

NEW YORK—(AP)—An unemployed Brooklyn father has been charged with killing his three-month-old daughter by slapping her on the head when she cried

while the mother was at work in a factory.

Detectives said the father, Bernard Kluefer, 27, demonstrated what happened, using a doll placed in the crib of his dead daughter, Doreen.

The prisoner burst into tears and protested that he hadn't meant to harm the child, the detectives said.

"She was crying, and it got on my nerves," he was quoted as saying.

Friends Ignore Cries As 17-Year-Old Is Drowned; Thought Only 'Kidding'

NASHVILLE, Tenn.—(AP)—Byron Eugene Earheart's swimming companions paid no attention — just laughed — when he screamed for help and dropped out of sight in a lake yesterday. They said he "was always kidding that way."

An hour later the 17-year-old boy's body was recovered.

Lester Wright, 29, one of Earheart's friends, said the boy was a good swimmer and "a great kisser — if we'd only known he wasn't kidding."

US Navy Vessels Pull Out

To Escape Communist 'Plot' To Block Passage

SHANGHAI — (AP) — United States, British and French naval craft left the Shanghai waterfront because of a reported communist plot to block their passage to the sea, a U. S. navy spokesman said today.

The spokesman, from the staff of U. S. Vice Adm. Oscar C. Badger, said "reliable sources" told the United States navy that communists planned to scuttle a ship near Woosung, the Chinese nationalist garrison, that would have blocked the larger ships from the sea.

The spokesman evidently disclosed this "plot" to offset accusations that the U. S. navy had "run out" on communist threatened Shanghai.

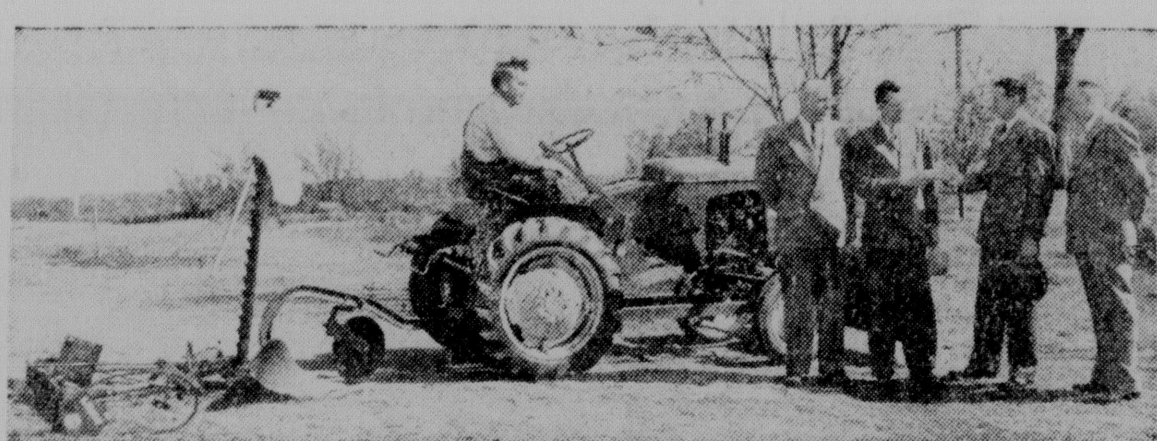

"Nipped In Bud."

Details of the "plot" came from the same source which had previously tipped the navy the communists had a similar plan to bottle up naval vessels in Tientsin earlier this year, the spokesman said.

The navy evacuated numerous persons from Tientsin shortly before the city fell and the route to the sea was cut.

The navy spokesman said the Woosung "plot" was "nipped in the bud." He declined to give details, saying it was a Chinese matter.

He said after the plot was "nipped" the American President lines liner, President Wilson came up to the Shanghai waterfront from the Woosung garrison. The Wilson tied up at a bund pier and evacuated 300 persons after an overnight stay.

INSPECTING THE TRACTOR given to the Cedars Home for Children by the Lincoln Elks lodge are, left to right: Rev. Charles Danner (on tractor), director of the home; Ralph E. Connell; Fred Everts, exalted ruler of the Lincoln Elks; Cedrick Yoder, president of the Lincoln Co-operative club; and C. M. Stewart.

Tractor, Equipment Given Cedars Home By Lincoln Elks

A bill of sale for a tractor and garden equipment was presented to Cedric Yoder, president of the Co-operative club, by Fred Everts, Exalted Ruler of Lincoln Lodge No. 80 B.P.O. Elks. The gifts, amounting to approximately \$2,000, followed the drive started

by the Elks when they learned that the Cedars Home was planning to landscape its grounds and had no equipment for the purpose. This equipment will be used to cultivate a garden to raise produce for the children and for general maintenance. In the very near future, the

first set of automatic school signals donated by the Elks Lodge will be installed at strategic points and an additional set donated by the Elks will be installed each month in the drive of the city council and the Lincoln Safety Council for protection of school children.

Young Republicans Invited Sit With Central Committee

The executive committee of the republican state central committee was in session at the Cornhusker hotel Monday, considering routine matters in connection with party policy and party program.

It was decided that the young republicans of Nebraska would be invited to name a committee of four—one of whom would come from each congressional district, to attend all meetings of the state central committee so as to more closely correlate the party programs.

The executive committee unanimously voted an expression of confidence and commendation to the Nebraska delegation in congress for their fearless and persistent fight to maintain the principles of Americanism and free enterprise and their fight against the socialist program now before the national congress.

Liquor Revenue Up Over Last Month

Total revenue collected by the state liquor control commission during April amounted to \$286,359 as compared to only \$275,582 the previous month, it was reported today.

The April collections increased the total for the first four months of 1949 to \$905,852, \$112,171 above the figure for the same period in the previous year.

42 Domestic Firms Formed During April

Forty-two domestic corporations filed articles of incorporation with the secretary of state during April, raising the total for the first four months of 1949 to 138, Harold Woten, chief of the corporations division, reported.

Also during April, eight foreign and 17 non-profit firms were organized in the state. The total net

gain in the number of incorporations during April was 53, making the 1949 gain 177, as compared to a gain of 247 during the first four months of 1948.

New corporations filing Monday were:

Frontier Towel and Linen Supply, Inc., Omaha, Frank L. Frost resident agent, \$150,000 capital stock.

The Lodgepole Creek Telephone company, Kimball, Marion G. Heidemann, resident agent, \$2,500 capital stock.

Viaduct Bill Becomes Law

One Of 8 Measures Signed By Governor

Governor Peterson Monday signed eight bills. Included was one providing that cities pay part of the cost of constructing viaducts or subways over or under railroad tracks.

The measure, LB 56, which carries the emergency clause and is effective at once, requires the city to share in the cost in proportion to the public benefit.

Other bills: LB 522, including the reciprocal exercise of the power of eminent domain in acquiring land for airfields. LB 220, providing for assessment and taxation of production credit associations. LB 427, changing qualifications for office of county superintendent of schools. LB 504, accepting federal school aid. LB 251, providing standard provisions for group life insurance policies. LB 335, changing the number of objects who can prevent street improvements in first class cities. Emergency. LB 530, allowing officers of a corporation to make political contributions as an individual but not on behalf of the corporation.

No More Dandruff For Mrs. C. J. Williams

KANSAS CITY, Mo.—Mrs. C. J. Williams says: "Before I started using Baker's Best Hair Tonic, I was bothered very much with dandruff. Now, all traces have been removed, and I think goodness I'm not troubled with an itchy scalp, as I headed it off just in time. Baker's Best Hair Tonic has helped me, and I'm sure it will help others."

Signed: Mrs. C. J. Williams, 2714 Madison, Kansas City, Missouri

Are You Tormented, Embarrassed by Dandruff or Itchy Scalp?

About given up hope of relief? On just such stubborn cases, Baker's Best Hair Tonic built its reputation. Try a bottle... it will do the job for you or we will refund every penny of your money.

If you cannot find it where you trade, send us a check or money order for \$1.35 for a bottle postpaid. You'll be delighted with the results or your \$1.35 refunded.

Ask for Baker's Best Hair Tonic at Your Drug Store, Barber, or Beauty Shop.

300-Acre Well Land Purchase Is Authorized

... To Complete Field

The department of public property and improvements Monday was authorized to purchase the last of 300 acres of well land at Ashland.

The council directed the city engineer to purchase 20 acres connecting the present two pieces of land owned by the city. The new land to be bought from Arthur and Lucy W. Kellogg will cost \$3,750.

The city will build one of four new wells already contracted for on the land and will construct a road connecting all the well land. The wells are to be completed this summer and will increase the capacity of the Ashland field. The new wells are part of a half-million dollar improvement program. The city purchased 140 acres of new well land last fall and will have about 300 acres with the final purchase.

The council also authorized the city engineer to advertise for bids on 12 1/2 feet of intercepting sanitary sewer to parallel Antelope creek from Thirty-eighth to Fortieth streets. The new sewer estimated to cost \$4,000 will be paid from \$150,000 in cost of 14 inch vitrified clay will per sewer of 14 inch vitrified clay will per sewer abandoning three sewers which cross the creek above the creek bed.

Packard Auto Prices Are Cut

... On Its Volume Models

DETROIT—(AP)—Price reductions ranging from \$103 to \$246 on volume models of its new line of cars were announced yesterday by Packard Motor Car Co.

At the same time Packard disclosed its new "ultramatic" no-shift transmission will be priced at \$225. The new transmission included as standard equipment on Packard's 160 horsepower custom models. Later it will be offered as optional equipment at extra cost on other models.

With the Packard reduction all car makers excepting Chrysler and Studebaker have cut prices this year.

Bert Appuhn Dies; Retired Farmer

Bert Appuhn, 79, Greenwood, a retired farmer, died Monday afternoon at his home. Mr. Appuhn was born in Cass county on Sept. 2, 1869 and lived around Greenwood all his life.

Surviving are his wife, Emma Hanson Appuhn, and two sisters, Miss Hettie Appuhn and Mrs. W. J. Erskine, both of Lincoln.

Conviction In Hayrack Case Is Reversed

Prejudicial Error In Omaha Manslaughter Trial, High Court Says

On a split 4 to 2 decision, the state Supreme court Tuesday reversed and remanded for retrial the conviction of Harold R. Schluter of Omaha, found guilty of manslaughter in the "hayrack" auto killing of Freddie Freelin, University of Omaha student in 1947.

Reversal was on the grounds of a prejudicial error in the instructions of the trial court. It followed reasoning in the Wilson, Frank, Swanson, Knihal and Jennings cases in which reversal followed similar instructions.

The instruction held by the high court to be erroneous and prejudicial reads, "You have no right to reject the testimony of any of the witnesses without good reason, and should not do so, unless you find it irreconcilable with the other testimony which you find to be true."

The opinion was written by Chief Justice Robert Simmons, in a concurring opinion, Justices Messmore and Boslaugh joined in the views expressed by Justice Yeager.

The dissent was written by Justice Wenke, with Justice Carter concurring.

"A defendant in a criminal case is not requested to prove his innocence. He is not required to disprove his guilt or any of the elements of the charge against him. If the charge or any of its elements lacks proof by evidence beyond a reasonable doubt he may not properly be found guilty," the Supreme court says in Judge Yeager's concurring opinion.

Conflict In Evidence. The court pointed out that there was conflict in the evidence as to the speed of the car, as to whether or not the lights were turned on, and the location of the hayrack.

Justice Yeager held that in the case of Asbra against the state the findings were correct and should be followed.

Justices Wenke and Carter, dissenting, declared the lower court was justified in using the language here held to be prejudicially erroneous.

Testimony in the case showed that Schluter purchased a case of beer at 6:30 in the evening and with three companions drank it in about an hour's time. Another case was purchased and taken to a park where part of it was consumed, when at 10:30 p. m. the defendant and one of the other boys engaged in a fight.

Student Killed. Schluter left the park alone in his car and entered a poorly lighted highway. Two hayracks carrying groups of students out for a ride were then on the highway. One had stopped preparatory to turning around and some of the students were standing on the road near the wagon.

When a few feet from the standing wagon, Schluter suddenly turned his car toward it, side-swiping the wagon, and Freelin, who was standing beside it, was killed. The car went a few hundred feet farther and Schluter was either thrown or jumped from the car which finally collided with the second hayrack.

The jury found Schluter guilty of manslaughter. The dissenting opinion was not against remanding of the case for retrial because of other errors complained of in briefs. The dissent was based on the finding of the court's instruction prejudicial. "Every error does not necessarily require reversal," the dissenting opinion stated.

School District Case Upheld. The Supreme court upheld the judgment of the District court of Douglas county in the case of August Roscheart versus the Omaha school district, and found in favor of the school district. The appeal was from an order

Kansas Engineer To Address Students

Howard E. Degler, author of several engineering textbooks and an authority on heat-power subjects, will address University of Nebraska mechanical engineering students at 7:30 p. m. Wednesday at Love library auditorium.

His appearance on the campus is sponsored by the Nebraska student chapter of the American Society of Mechanical Engineers. He will discuss water-cooling towers and their use in refrigeration and air conditioning.

Mr. Degler is now technical director of the Marley company, Kansas City, Kas. He was formerly professor of mechanical engineering at the University of Texas.

Poppy Day Sale Here Nets \$2,300

Mrs. W. A. Miller, chairman of the American Legion auxiliary for poppy day, announced that the sale of poppies Saturday brought in approximately \$2,300. Seventeen captains and 150 women workers took part in the sale.

Poppy poster winners from Lincoln junior and senior high schools were:

First prize: Bill Lyberif, Junior Ernest Janousek and Mary Lynn Stafford.

Second prize: Aileen Ramey and Cynthia Barber.

Third prize: Phyllis Holscher and Susanna Swingle.

Koops' Feted At Farewell Party

A farewell party for one of Lincoln's oldest printers, Charles Koops and Mrs. Koops, 2335 South Eighteenth street, was given Sunday evening at the Labor Temple.

The Koops are leaving Lincoln to make their home with their son, Frank, at Hermosa, Calif. Koops retired in 1947 as superintendent of the composing room at the Jacob North Printing company where he had worked since 1912.

Lincoln members of the International Typographical union and the ladies' auxiliary gave the party.

BUILDING PERMITS
Pelton and Duff, 2245 So. 48th, build residence, \$4,800.
Pelton and Duff, 2255 So. 48th, build residence, \$4,800.

MUNICIPAL COURT
VIOLATING SCHOOL STOP SIGNAL—Lawrence E. Honke, 1626 D, pleaded guilty, fined \$5 and costs.
SPEEDING—P. Vohlar, 4911 Lowell, pleaded guilty, took alternative fine for 10-25, Bob Lee Brown, Jr., 2, West Lincoln, pleaded guilty, fined \$5 and costs for 45-25 at Huskerville.
CARELESS DRIVING—Charles Vase, 400 So. 35, pleaded not guilty, tried, found guilty, fined \$5 and costs.
VIOLATING STOP SIGNAL—Charles Lindstrom, 1901 D, pleaded guilty, fined \$1 and costs.
DISTURBING THE PEACE BY FIGHTING—Joe Duera, City Mission, Charlie Parker, 2644 S, pleaded not guilty, trials set for May 5, bond of \$25 required for each.

ILLEGAL TURNS—Bernard Koyen, 1424 E, pleaded guilty, fined \$1 and costs.
State Cases
IMPROPER PASSING—Houghton Purr, 3315 M, Don Hamilton, 1301 No. 21, pleaded guilty, each fined \$10 and costs.

of the District court dismissing on jurisdictional grounds as appeal from the county court in an eminent domain action. The appeal was made by Roscheart, owner of the real estate involved.

The high court held that the district court was correct in dismissing the appeal from the county court because the original appeal was prosecuted within 30 days from the filing of the award of damages in the eminent domain action.

The dismissal was also based on the fact that the appeal bond was not filed within 10 days from the filing of the award.

Also upheld by the Supreme court was the ruling of the District court for Nebraska county in the case of Jack versus Tegarden, where finding was made for the plaintiff, Jack.

The action was brought by Jack to require the defendant to remove obstructions from and restore a watercourse on his lands to a sufficient capacity to carry the water that naturally flows there, and also to require the lowering or removal of a dike constructed to block the flow of water and entrap the defendant from blocking the watercourse or building a dike.

County Sets No Final Date On Complaints

... Of Tax Evaluations

No final date for receiving complaints filed against real and personal tax evaluations in the county was set by the county board of equalization at its first meeting Monday.

The board voted to discontinue the former practice of giving notice in the newspapers of the closing date for filing claims against the tax assessments for the current year.

Last year, the period for filing such complaints expired less than a week after the equalization board began its annual session.

Commissioners Russell Brehm and Ira L. Vorhies, who were behind the move to extend the filing date indefinitely, said they believed taxpayers should be given more time to dispute their assessments.

Statute provides that the board of equalization shall sit in session not less than three days nor more than 50 days.

Only Few Complaints. County Clerk J. B. Morgan said that for the past 20 years, the complaint period has normally expired within a week after the board first met. Last year, about 15 complaints were received, he said.

Russell Brehm, chairman of the county commissioners, was elected chairman of the equalization board for the current year. He said a closing date may possibly be determined at next Monday's meeting.

Attending the meeting were: Commissioners Russell Brehm, Ira L. Vorhies and Chris Kuhner; County Assessor Harry W. Scott and County Clerk J. B. Morgan.

Earl Wright Named State Adjutant Of Disabled Veterans

Earl B. Wright, Lincoln, Tuesday was named state Disabled Veterans adjutant. His headquarters will be in Lincoln.

Wright was named by State DAV Commander Alexander Rexus of Scottsbluff. He is also the Nebraska national DAV service officer.

Other appointments announced Monday were:

Max Marshall, Omaha, departmental dues advocate.
Joe F. Henninger, Lincoln, state hospital chairman.

Claude Golding, Lincoln, state employment officer.
Al Gillespie, Alliance, finance committee member.

The 1950 convention will be at Hastings during the first week of May.

Red-Dominated Italian Workers Are Out On Strike

... Seeking Higher Wages

ROME—(AP)—Italian chemical workers belonging to the communist dominated Confederation of Labor (CGIL) struck today for higher wages. The communist newspaper Unita estimated the strikers at 300,000, but this total could not be confirmed at CGIL headquarters.

MUNICIPAL COURT
PASSING CHECKS WITH INTENT TO DEPRIVE—Herman Ruit, 1216 H, pleaded guilty, fined \$25 and costs.
MISREPRESENTING AGE TO BUY BEER—Orville Parrish, 1416 B, pleaded guilty, fined \$10 and costs.
BEGINNING ON STREETS—Clement LaBaugh, Rawlins, Wyo., pleaded guilty, fined \$1 and costs.
CARELESS DRIVING—Charles R. Draper, 1315 No. 65, pleaded guilty, fined \$5 and costs.

SPEEDING—Lemar L. Dorrner, 118 No. 15, pleaded guilty, fined \$1 and costs for 35-20, Donald H. Bahr, 2103 Y, pleaded guilty, fined \$2 and costs for 35-25, Kenneth Hubert, 3012 Que, pleaded guilty, fined \$2 and costs for 35-25.

VIOLATING SCHOOL STOP SIGN—John W. Smith, 1548 S, pleaded guilty, took alternative fine, 30-5, James A. Batson, 1439 B, Orville Vandewere, 4510 Baldwin, Mrs. June Molen, 2215 B, Fred L. Graizlow, Rt. 1, Lincoln, John Reich, 1425 No. 14, pleaded guilty, fined \$5 and costs each.

VIOLATING STOP SIGN—Jacob Schafer, 1413 A, Ben L. Yost, 3179 Kleckner Ct., pleaded guilty, each fined \$1 and costs.

ILLEGAL LEFT TURN—Flora M. Johnson, 920 H, pleaded guilty, fined \$1 and costs.

FAILURE TO YIELD RIGHT OF WAY—Leslie V. Robinson, 314 So. 17, pleaded guilty, fined \$5 and costs.

PARKING VIOLATION—J. L. Anderson, 2515 H, pleaded guilty by power of attorney, fined \$2 and costs.

Huskerville Beer Store Rental Is Cut Second Time

A rent reduction from \$50 to \$37.50 monthly was given to John C. Wilkens, operator of an off-sale beer store at Huskerville, by the council Monday. A week earlier the council had reduced Wilkens and his competitor, Deuel Anderson, from \$100 to \$50 monthly for rent.

In drawing a new lease, the council also permitted Wilkens to sell ice cream and allied products at any time. Beer will be sold only from 4 to 12 p. m. on weekdays. Wilkens' license was renewed.

Indications were that if a storage building is moved to Wilkens' location, his rent would be increased to \$50 monthly. Anderson has storage space in addition to his store building.

Vote on the reduction was six to two, Wilkinson, Orme, Dunn and Iverson voting yes, Miles and Weaver, no. Pansing was absent when the vote was taken.

Licenses Renewed.

In other action the council: (1) Granted renewals of on-and-off-beer licenses to the Fraternal Order of Eagles No. 147, 210 North Fourteenth and to E. Donald Payne, 116 North Fourteenth. The council granted a license for 930 P. Hill will operate the business, formerly owned by George and Pauline Geier. (2) Granted permission to operate pool halls to Alex Filbert, 230 North Thirtieth and to Frank Knox, 6209 Haystack.

(3) Passed an ordinance creating graveling district No. 183, the south half of South street between the east line of Forty-eighth and the west line of Forty-ninth, also Forty-ninth between the south curb line of South street and a point 107 1/2 feet south of the south line of South street.

(5) Deferred till next Monday third reading of an ordinance creating paving district No. 1078 on Thirty-seventh street from Garfield to Everett. There are some objections to the ordinance.

Mrs. Elizabeth Walter Passes Away At 85

Mrs. Elizabeth Walter, 85, 2975 Starr street, a native of Russia, died Monday night at her home. Born Jan. 14, 1863, in Norka, Russia, Mrs. Walter came to the United States 59 years ago and moved to Lincoln from Harrington, Kas. in 1914.

Surviving are seven sons, Pete Miller, Topeka, Kas., Jack Miller, Sedalia, Mo., Frederick L. Miller, Heidelberg, Germany, Conrad Miller, Milwaukee, Wis., Daniel Miller, Winfield, Kas., Ben and Adam Miller, both of Lincoln; three stepdaughters, Mrs. Jack Loftink, Mrs. Nellie Schriener, both of Lincoln, and one step-daughter in Washington; two stepsons, John and Jake Walter, both of Burlington, Ia.; 31 grandchildren and 17 great-grandchildren.

Gun Used For Shooting Girl Finally Found

MILWAUKEE—(AP)—The gun which brought death to 16-year-old Pat Birmingham was fished from the mud of the Milwaukee river yesterday.

Milton Babich, 19, has told District Attorney William J. McCauley that he dumped the body and the .22 calibre target revolver into the river at that point last Feb. 10. He claims Patricia died by accident that day when the gun

discharged twice as she picked it up by the barrel and he grabbed for the handle.

He said he hoped to frighten her so she wouldn't tell that her sister Kathleen, was pregnant.

Babich, who eloped with Kathleen two days before the Wea Allen high school girl's body was found, March 20, has been charged with first degree murder. He faces preliminary hearing of that charge tomorrow.

Church Council Assures 70 DPs Home In State

Rev. Carroll Reports To Rural Ministers

The Nebraska Council of Churches has obtained sponsors for 70 displaced persons, executive Secretary Rev. Carroll Lemon told members of the Lancaster County Rural Ministers association Monday noon at the Y.M.C.A. These 70 d.p.'s are members of 19 families, Rev. Lemon said. The Gregory Sinitza family, formerly of Poland, are now settled on a farm near Aurora. Another displaced person en route to the United States is a Latvian miller who will be employed by the Lexington Mill & Elevator company, Rev. Lemon continued. A list of more than 300 families available for placement in the state through the council of churches was composed by a Methodist minister from Latvia and Lt. Col. Edward Whiting, a Nebraska resident in the army of occupation. Other speakers at the monthly meeting included V. H. Petersen, meeting agent, who told of co-

operation between 4-H clubs and church schools and Rev. Kenneth Locke, who led a discussion on "Youth in the Church."

Miss Rigler Dies; Lived Here 19 Years

Miss Maud Vera Rigler, 60, 5802 St. Paul street, a Lincoln resident for 19 years, died Monday night at a local hospital. Born Dec. 25, 1888, in Cincinnati, Ia., Miss Rigler was a member of the Methodist church. Surviving are one sister, Mary Rigler, Lincoln; three brothers, John P., New Hampton, Ia., Dwight, Greenfield, Ia., and Harry H., Torrington, Wyo.; three nephews and three nieces.

Tool Box Stolen—John Muehlhausen, 3234 North Forty-ninth street, reported to police that Monday a tool box valued at \$50 was stolen from his car near Seventeenth and Holdrege.

Gas Siphoned—Police were holding a 17-year-old youth Tuesday, picked up Monday night after a University Place resident reported someone had been siphoning gas from his auto. The boy was arrested following a complaint by Jack Nagel, 5835 St. Paul. Nagel told police he was returning home shortly after 9 p. m. and saw a youth walking away from his auto. He found a hose leading from the auto gas tank to a gallon can. A motor scooter was parked nearby, police said.

FRANKLYN STEPHENS, Lincoln, Neb., insurance man, comforts his mother, Mrs. Agnes Garnier, indicted by a grand jury for the slaying of John E. Owens, millionaire real estate official. They are pictured in her jail cell at Riverside, Calif. Stephens left for California last week to stand by his mother. Arraignment of Mrs. Garnier has been postponed until May 9. (AP Wirephoto.)

SPAIN GIVEN PERMISSION TO ASK LOAN

... UNLIKELY TO BE GRANTED

WASHINGTON — (AP) — The state department has given Spain permission to negotiate directly with the Export-Import bank for an American government loan. Press Officer Michael McDermott, in announcing this, said a Spanish government representa-

tive will come to Washington soon to talk with bank officials. At the same time, a highly informed government official said the United States still believes Spain is a poor credit risk. This official said he assumes the bank will turn down the Spanish request for credits unless Spain makes certain economic reforms suggested by the United States. McDermott insisted under questioning that Spain's forthcoming talks with the bank in no way represent a change in American policy toward the Franco government.

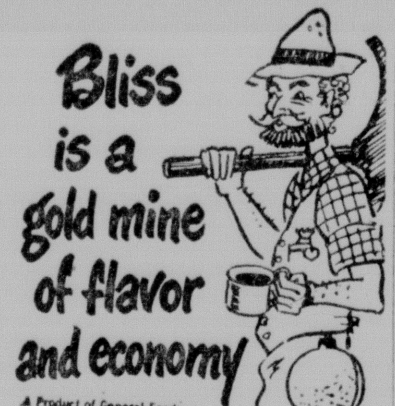

Mrs. Marie Hubbard Dies At Her Home

New Moon-New News

PATRICIA JEAN TOBIN

Announcement is made today by Mr. and Mrs. E. J. Tobin of Sherman Oaks, Cal., of the engagement and approaching marriage of their daughter, Patricia Jean, to Robert Joseph Hulbert, son of Mr. and Mrs. Eugene Hulbert.

The wedding will be an event of Saturday, June 25, and the ceremony will be solemnized at St. Patrick's church.

Miss Tobin is a graduate of the University of Nebraska where she is a member of Alpha Omicron Pi sorority.

Mr. Hulbert is a former student at the University of Nebraska. During the war he served with the army air force, with duty in the European theater.

SAW A BRAND NEW moon last evening, and was told that it is a "dry" one — It seems that if a new moon is elongated, it is a wet one, because all of the water is spilling out—When the lower end of the crescent is up-turned, the moon is holding the water, and consequently — no moisture — Haven't yet checked with the weather man to see if this moon lore is correct.

HOWEVER WE DID A BIT of checking Monday afternoon — dashed off to Omaha for a look at the first Nebraska annual antique show—The Kappa Kappa Gamma alumnae are sponsoring the affair which, according to those in the know, is highly successful from several standpoints — the displays, the arrangements, and the crowd—

Ran in to some antique-minded Lincoln people—Mrs. J. E. M. Thomson and Mrs. Fred Perciott were antique-ing while Drs. Thomson and Perciott were attending sessions of the Nebraska State Medical association—Learned that Mrs. Harold Morgan and Mrs. Fritz Teal were planning to see the show Tuesday afternoon—But more Monday afternoon visitors—Mr. and Mrs. Ferd Rehlaender and their daughter, Mrs. Harold Ledford were among the interested spectators at the show, as was Mrs. James E. Lawrence.

HEAR THAT THE LADIES' golf season opens Saturday morning at the L.C.C., when the female golfers will meet for breakfast at 8:30 o'clock. Nine holes of golf will follow the breakfast. Mrs. Walter Henrion, be her sister, Mrs. Lloyd L. Mahone of Chicago, who will be the matron of honor; Miss Dorothy Nelson, Miss Charis Wells of Fremont, Mrs. Homer Rogers, and Mrs. Virgil Falloon of Lincoln, all serving as bridesmaids. Frank N. Latenser will serve his brother as best man, and the ushers will be John Anderson, Richard Holland, Arthur W. Scribner, David Sibbensen, and William Lambert of Chicago.

golf chairman states that anyone wishing to attend the Saturday morning event may make her reservation at the country club. Incidentally, the Saturday morning golf will continue until Tuesday, June 7, when the women golfers will get into the swing of the regular Tuesday golf day.

SOMEONE TOLD US THAT Mr. and Mrs. Joseph Wishart were host and hostessing at a picnic for members of the Cornhusker Rose society on Thursday evening at their Lilac Farms home. It is a 5 o'clock to 8 o'clock party, with a picnic dinner served promptly at 6 o'clock. The committee in charge of the

event includes Mrs. Phil Wadhams, chairman; Mr. and Mrs. E. G. Dittmer and W. H. Dunman.

SOMETHING MIGHTY interesting is coming up this week-end — the twenty-fifth anniversary of dance recitals by the Flavia Waters Champe studio — All proceeds from the three performances — Friday evening, Saturday morning, and Saturday evening, at Irving junior high school, will be equitably divided between the Girl Scouts and the Camp Fire Girls.

But this is just not another dance recital—this is the silver anniversary, and the program will review all past dance recitals given by the pupils of Flavia Waters Champe—One of her first students, for instance, Mrs. Lynn Correll of Philadelphia, has come to Lincoln to do the dance she did in the very first recital—Mrs. Correll is the former Immanuel Waldo, and she is the guest of her mother, Mrs. L. J. Waldo—There will be dances by other former students Mrs. Robert Heilig (Lula Lee Marshall), for example, who followed up her dancing career and was one of the famous Rockettes, and Miss Marilyn Harper, now assistant professor of dramatics at Nebraska Wesleyan university.

PARTIES FOR BRIDES-TO-BE are in the news today, also—On Sunday afternoon Mrs. Walter Beckman was hostess at a family dinner at her home, complimenting her niece, Miss Cynthia Beckman and her fiancé, Lyle Tandrup, whose wedding will be an event of early June at Miss Beckman's home in Arlington Heights, Ill.

THEN—ON MONDAY EVENING Mrs. W. E. Dingley, Jr., and Mrs. Meno Wilhelm were hostesses to sixteen guests at a miscellaneous shower, at the home of Mrs. Dingley, complimenting Miss Carol Hemmingsen whose marriage to Dean Arter will take place in June.

AND NEXT SATURDAY, MRS. Don Wanamaker of Des Moines, Ia., will be hostess at a luncheon on Saturday at Hotel Cornhusker, complimenting Miss Pat Raum, whose marriage to Ronald Samuelson will be an event of June 14.

Scouts Rescue 12-Year-Old Girl From Dam ... At North Platte

NORTH PLATTE, Neb.—(AP)—Twelve-year-old Louise Boe today had Boy Scout training to thank for her rescue from the water near the North Platte diversion dam Sunday.

When Louise toppled into the water three Scouts fishing nearby went into action, pulled her out of the water and treated her for shock when she fainted following the rescue.

Form Human Chain. Scout Conrad Clapper was first to the rescue. He scurried down the embankment and extended a pole to the girl, but in her fright she broke the pole. When he reached out and caught her hand the girl pulled him in after her. The two other Scouts, Floyd Bokowski and Jesse Grasz, quickly formed a human chain. They grasped Clapper, who was holding the girl's hand and pulled both ashore. When the girl fainted they patted and rubbed her skin until she revived. Observers noted that several adults were nearer to the scene than the Scouts, but it was the alert Scout-trained boys who went into action most quickly.

April Wedding

Arrangements of Easter lilies and greenery, and cathedral candles burning in branched candelabra, decorated the altar of St. Mary's Cathedral for the marriage of Miss Lucille Virginia Rutt, daughter of Mr. and Mrs. John Peter Rutt, to Allen R. Lohr, son of Mr. and Mrs. William A. Lohr of Omaha, on Tuesday morning, April 19. The lines of the 10 o'clock ceremony were read by the Rev. Conrad Marama in the presence of one hundred guests.

Attending her sister as maid of honor was Miss Lydia Rutt who wore a gown of pastel pink silk taffeta designed with a deep-shoulder basque and full hoop skirt. Wearing gowns of similar design were the bridesmaids, both sisters of the bridegroom, Miss Virginia Lohr, in cloud blue satin, and Miss Eileen Lohr, in spring green faille. Halo frills of tulle and long mitts in shades to match their frocks completed the attendants' costumes, and they carried nosegay bouquets of rosebuds, sweetpeas, carnations and daisies. Wearing a floor length gown of yellow satin was the flower girl, Miss Barbara June Rutt, sister of the bride, and ringbearer was Stephen Ray Rutt, nephew of the bride.

Given in marriage by her uncle, Reinhold Rutt, the bride appeared in a colonial gown of white slipper satin. The deep yoke of net was outlined with bands of the satin to form an off-shoulder neckline, and the bodice was completed with long fitted sleeves. The full gathered skirt ended in a train, and her finger tip veil of illusion, edged with satin cording, was held by a bandeau of satin calla lilies. She carried a white Bible ornamented with an orchid.

Dick Turnes of Omaha, best man, and the ushers were Bill Taffney and Harold Tryskei, both of Omaha.

Immediately following the ceremony, a wedding breakfast

MRS. ALLEN R. LOHR

was held for the members of the families and a party, after which a reception was held later in the afternoon at Ideal hall, followed by a wedding dance for two hundred guests. Centering the bride table at the reception was a tiered wedding cake, and included among those assisting at the reception were Mrs. Ray Rutt, Mrs. Fred Rutt, Mrs. Carl Rutt, Mrs. Herman Rutt and Mrs. Virginia Martin, aunts of the bride. Mrs. Henry Lehl, Miss Esther Leham, Mrs. Peter Becker, Miss Ann Roller, Miss Shirley Rutt and Mrs. Paul Crewdson.

Mr. Lohr and his bride left for a wedding trip to Denver, Colo., after which they will reside in Omaha. For traveling, Mrs. Lohr wore a tulle of lilac gabardine with a corsage of orchids.

SPEAKING OF OMAHA brings to mind that Miss Virginia Campen, Pi Beta Phi at the University of Nebraska, has announced the date of her marriage to James Latenser, and also the members of the bridal party—

Miss Campen has chosen Saturday, June 25, for the wedding, and the ceremony will take place at the Trinity cathedral at 4 o'clock in the afternoon.

Miss Campen's attendants will

Rent Bill Blasted By Vets Group

V.F.W. 'Unequivocally' Opposed To Decontrols

Terming the proposed state rent decontrol bill, LB 538, "a gross injustice to thousands of Nebraska's renters, veterans and non-veterans alike," L. J. Gaughen, North Bend, state V.F.W. commander announced his organization is "unequivocally on record against this bill."

"Rent decontrol throughout Nebraska at this time would work unbearable hardship on most small-income tenants, and would particularly strike a cruel blow to Nebraska's 114,000 World War II veterans and their families, most of whom are in the renter-class."

"Ever since the war's end, these vets have been kicked around in the matter of housing. This action, the passage of LB 538, would be the most flagrant disservice which could be rendered upon our state's ex-GI tenants and their families."

To Attend Hearing. Gaughen and other V.F.W. representatives will attend the hearing on Wednesday afternoon to protest the bill. He will carry a resolution passed by the 8th V.F.W. district at a meeting Sunday at Elgin representing towns in the northeastern part of the state, against the bill.

Gaughen stated that the national V.F.W. organization is already on record in opposition to complete rent decontrol.

The bill was introduced by the committee on judiciary. It is set for a 2 p. m. hearing in the east senate chamber Wednesday. It will come before the committee on government, Sen. Arthur Carmody, of Trenton, Nebraska, is chairman.

Former Nebraskan Named To Position With Burlington

Harold J. Hoglund, former Nebraskan, has been named assistant vice-president of the Chicago, Burlington and Quincy railroad, H. C. Murphy, operations vice president, announced Tuesday.

Hoglund, division superintendent at Alliance in 1930, has been on furlough from the road since 1946 as management members on the first division of the national railroad adjustment board.

Beginning his railroad career as a callboy at Burlington, Iowa, in 1904, Hoglund was trainmaster at Wymore from 1917 to 1927. He was later assistant to the executive vice president at Chicago and assistant to the operations vice president.

New Cigaret Law To Save State Money

... Near \$20,000 Month

Nebraska's cigarette tax division hopes to add nearly \$20,000 a month to the state treasury under the cigarette use tax law which went into effect March 19.

That amount is what Division Chief R. H. Creadick estimates the state formerly lost each month as a result of the mail order cigarette business.

Under the law anyone receiving untaxed (unstamped or un-metered) cigarettes by mail or otherwise are required to report that fact to the state and pay the 30 cents per carton tax.

And if they don't? Creadick's division has a way and means of catching up with the "forgetters" or "evaders."

Delinquency Penalty. Taxing agencies in other states will supply the division with lists of recipients of cigarettes from sources shipping them into Nebraska tax free.

Recipients are required to make their report and pay the tax by the 10th day of the month following receipt.

The penalty for delinquency is 25 per cent of the tax due, along with interest at the rate of one per cent per month.

And if a Nebraskan gets untaxed cigarettes and distributes them among his friends he can be arrested and tried for selling unstamped cigarettes. The penalty there is a fine of \$25 to \$5,000.

Rules and regulations as to payment of the use tax were filed with the secretary of state last Friday.

Meanwhile, the taxing agency has a new weapon to ferret out evaders. Another law enacted by this session of the legislature and already in effect authorizes issuance of search warrants to search any house or place for unstamped cigarettes.

Banquet Of Beta Sigma Phi

The annual founders day banquet of Beta Sigma Phi, business women's sorority, was held last Saturday evening in the ballroom of the Hotel Cornhusker. Arrangements of spring flowers and candles in the shape of water lilies formed the table center pieces, and toastmistress was Mrs. Marvin Smith, president of the sorority city council.

Honored guests seated at the speakers' table included Mrs. W. L. Day, honorary member, and Miss Ellen Dietze, president of the Nu Phi Mu Starboard. Participating in the program, which had as its theme the eighteenth birthday anniversary of the international organization, were Mrs. Harold Crawford of Xi Beta chapter; Miss Kate Field, city council sponsor; Miss Ellen Dietze; Miss Lucile Garrison, Lambda; Mrs. Everett Douglass, Epsilon; Miss Virginia Ann Poir, Kappa; and Miss Jean Bettenhausen, Delta.

Prize-winning Beta Sigma Phi songs were sung by a trio including Mrs. John A. Diamond, Mrs. Irving Bloom and Mrs. Harold Schwarz, accompanied by Miss Evelyn Polhast, pianist, and during dinner, a program of music was presented by Jay Morris, pianist.

Miss Marjorie Barstow was introduced as the new director of Kappa chapter, and the fol-

lowing new elected city council officers were introduced: President, Miss Madeline Schmidt; vice president, Miss Judy Vering; recording secretary, Miss Clarabelle Schroll; corresponding secretary, Miss Bette Jean Van Cleave; treasurer, Mrs. Guy H. Vehrs; sponsor, Mrs. L. T. Bathen.

Banquet chairman was Miss Madeline Schmidt and members of her committee were Miss Judy Vering, Mrs. L. L. Hamrick, Mrs. Kenneth Barrett, Mrs. Lloyd C. Behrens, Mrs. Ross W. Lane, Mrs. William G. Hendrickson and Miss Vera Guenther.

Gifts were presented to the Beta Sigma Phi members from the sponsors and directors of the chapters, represented by Mrs. Elmer Magee.

Dinner Honors Guests

In courtesy to her son and daughter-in-law, Col. and Mrs. Bernard L. Malcolm, who are visiting in Lincoln this week, Mrs. Ada C. Malcolm entertained ten guests, Sunday afternoon, at dinner held at the Colonial Cup.

Col. and Mrs. Malcolm will leave on Wednesday for a two weeks' trip to New Mexico.

Tells Mission Work

Rev. A. G. Ahlman, Omaha, discussed mission work in Omaha at the Monday meeting of the Lutheran's Women's Institutional auxiliary at the Immanuel Lutheran church.

Mrs. John Miller, jr., was selected to attend the Lutheran Charities convention at St. Louis May 17.

Rural Carrier Exam—Applications for the position of rural carrier are being called for, announced A. W. Edling, secretary of the local board of civil service examiners. Two vacancies will be filled from this examination, which is the first for rural carriers in the Lincoln office for many years. The examination will be open only to persons who have been served by the Lincoln post office and actually reside at that address for a period of at least a year immediately preceding this examination. Application forms may be obtained at the civil service window at the Lincoln post office. Closing date is May 26.

Mother Accused Of Burning Son Still Has Boy's Love

NEW YORK—(AP)—Mrs. Geraldine Vetter—accused of burning her 9-year-old son's hand over a gas flame as punishment—still has the boy's love.
"I want to kiss my mother," cried Philip Vetter yesterday as he left the witness chair in a courtroom where the 38-year-old mother is on trial.
The boy, who had told judge and jury he loves his mother "very much," tried to run to her. But the judge ordered him taken from the room.
The jury saw the boy's right hand, which he can't open. Part of one finger has been amputated. The boy, who has been a patient at Bellevue hospital since he was burned last Thanksgiving, told the jury his mother caught him smoking a cigarette.
He said his mother — charged with assault and endangering the life of a minor—lit the gas on a stove "and put my hand over it." He testified he pulled his hand out of his mother's grasp, and it went into the flame as he did so. Defense counsel contended the mother only was trying to scare the boy so he would stop smoking and stealing from stores and from her.
The boy, who admitted the puffing said he had never had even a spanking until last Thanksgiving.

Mrs. Maggie Prather Rites Here Wednesday

Funeral services for Mrs. Maggie Prather, who died Monday morning in Kansas City, Mo., will be held Wednesday, 1 p. m., at Roberts, Rev. E. B. Howells will officiate and burial will be in Lincoln Memorial Park.
Surviving are two sons, William E. and George Holter, both of Kansas City, Mo.

Board Delays Action On Road Surface Issue

Legality Of Northeast Proposal Questioned

The Lincoln school board again delayed action Tuesday on a proposal that the school district pay about one-half of the cost of surfacing the roads around Northeast high school with crushed rock.
The remainder of the cost would be assessed against abutting property owners.
The board directed R. O. Williams, board attorney, to determine whether the district can legally pay the cost of improving streets which do not abut school property.
Cost \$5,730.
R. H. Park, assistant superintendent in charge of operation and maintenance, estimated the cost of the project which would include a cement curb from the drive entrance on Sixty-third street, at \$5,730.
Streets that would be surfaced under the tentative plan are: Sixty-third from Baldwin to Adams

and Huntington to Baldwin; and Baldwin from Fifty-ninth to Sixty-third.
The board also:
1. Granted a high school diploma from the adult high school to Major Robert L. Robertson, serving with the U. S. army in Japan.
2. Accepted the low bid of the Houcher Bindery for rebinding and mending books for the year 1949-50.
3. Approved the election of two probationary teachers for the 1949-50 school year. They are Miss Patricia Ann Graham, Lincoln and Miss Norma Jean Rakow, Ponca.

State Historical Society Balance Set At \$18,765

... For March 31, 1949
The State Historical Society, during the year from April, 1948, to March 31, 1949, spent \$28,122 from the biennial general fund appropriation, leaving a balance of \$18,765, according to an audit filed with the state auditor Tuesday.
Also during the 12-months the society had cash receipts amounting to \$5,136 and cash disbursements amounting to \$1,585.
The society's cash on hand and investments in the building and equipment fund at the end of the period amounted to \$565,063. Total investments in the fund was \$533,000.
According to the audit the society possesses U. S. treasury bonds with a face value of \$7,000.

HERE is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

70 Pct. Road Work To 10 Contractors

Big Boys Share In \$13 Million Program, H. H. Hahn Declares

A charge that ten contractors received 70 per cent of the \$13 million dollars of road contracts let in the state during 1948 was hurled Monday in the battle of the highways.

H. H. Hahn, secretary of the Nebraska Petroleum Marketers, made the statement in a press release.

He charged: "The contractors, construction interests and other backers of the governor's higher tax program revealed their true purpose when Greenamyre, executive secretary of the Better Nebraska association, rejected the lower tax amendment for the used tax stamp bill."

"They want a permanent higher tax program because that will insure the continuance of the large road contracts . . ."

Meanwhile, Charles Marshall, president of Nebraska Farm Bureau Federation, again declared that the state's second largest farm group is still opposed to the proposed one cent hike in state gas tax.

"We are still unalterably opposed to the program proposed by Greenamyre and the state highway department," he added.

Mrs. Mollie Franzen Passes Away; Rites To Be Wednesday

Mrs. Mollie E. Franzen, 76, 1734 Pepper street, a Lincoln resident for about 17 years, died here Sunday. She had been living with her daughter, Mrs. Hazel Hollister since 1946 when her husband, George, died.

Born Sept. 6, 1872, at Shipman, Ill., Mrs. Franzen lived in Lincoln from 1919 until 1933 when they moved to Omaha. She was a member of Westminster Presbyterian church, the church's women's society and the Sunshine club.

Surviving are two daughters, Mrs. Hollister and Mrs. Helen Valentine, both of Lincoln; two sisters, Mrs. Laura Robinson, and Mrs. Stella Speedie, both of Omaha; two brothers, Charles Bartow, Madora, Ill., and George Bartow, Bushnell; five grandchildren and two great-grandchildren.

Funeral services will be held Wednesday, 2 p. m., at Wadlows. Rev. J. Douglas Clyde will officiate and burial will be in Lincoln Memorial Park.

DIVORCE CASES

Gertrude Wood Merrimann Holmes was granted a divorce from Jack Holmes in District court on grounds of extreme cruelty. Marriage took place June 13, 1927 in Lincoln.

Betty A. Baker filed for divorce from Bruce Calvin Baker, charging extreme cruelty and nonsupport. Marriage March 27, 1943 in Lincoln.

Lee Hunter filed for divorce from Cecil Hunter, charging extreme cruelty. Marriage took place April 17, 1945 at Marysville, Kas.
